PLATTSMOUTH CITY CODE
CHAPTER 1 - ADMINISTRATION
ARTICLE I - ELECTED OFFICIALS

SECTION 1-101 ENUMERATED

The electors of the City shall elect a mayor at large and one City Council member from each ward in each city election year; provided that when and if voting by wards is suspended, four Council members shall be elected at large in each election year. A total of eight Council members shall serve the City at all times. Councilmembers shall be electors of the City and residents of the ward from which they were elected. Terms of all elected officials shall commence on the first regularly scheduled City Council meeting in December of the year following their election. (Ref. Neb. Rev. Stat. §16-302.01)

SECTION 1-102 CITY MAYOR; SELECTION AND DUTIES

The mayor of the City shall have the general and immediate control over all property and officials of the City, whether elected or appointed. He/she shall preside at all meetings of the City Council, and may vote when such vote shall be decisive and the Council is equally divided on any pending matter, legislation or transaction; and the mayor shall, for the purpose of such vote, be deemed to be a member of the Council. His/her signature must appear on the city clerk's minutes of all meetings, and he/she must sign all resolutions which have been passed and warrants for the payment of money when ordered by the City Council; provided, any ordinance vetoed by the mayor may be passed over his/her veto by a two-thirds (2/3) vote by the members of the City Council. However, if the mayor neglects or refuses to sign any ordinance and returns it to the Council with his/her objections in writing at the next regular Council meeting, the same shall become a law without his/her signature.

The mayor shall from time to time communicate to the Council such information and recommendations as, in his/her opinion, may improve the City. He/she may require any city official at reasonable intervals to exhibit his/her accounts and make reports to the Council on any subject pertaining to his/her office. He/she shall have the power to remit fines or pardon any offense arising under the ordinances of the City. He/she may remove at any time an appointed police officer of the City, subject to the provisions of Section 1-1304 herein.

The mayor's territorial authority for the enforcement of health and quarantine ordinances shall extended two miles beyond the City's corporate limits. He/she shall also have such other duties as the City Council may by resolution confer upon him/her, or in any other matters which the laws of the State of Nebraska repose in him/her. He/she shall be elected at the city election, and shall serve a four-year term of office. Any candidate for mayor must have resided within the City for 40 days prior to filing for the said office and must in addition be a qualified taxpayer.

The mayor shall require all city officials and employees to give him/her a receipt for any and all articles belonging to the City now in their charge and all that may hereafter come under their charge. All outgoing city officers and employees shall deliver over to the mayor or account to him/her for all articles used by them in the duties of their office whenever their term of office or employment with the City ceases. (Ref. Neb. Rev. Stat. §16-312 through 16-316)

PLATTSMOUTH CITY CODE
CHAPTER 1 - ADMINISTRATION

SECTION 1-103 CITY COUNCIL; ACTING PRESIDENT

The City Council shall elect one of its own body each year who shall be styled the president of the Council, and who shall preside at all meetings of the City Council in the absence of the mayor. In the absence of the mayor and the president of the Council, the council members shall elect one of their own body to occupy the mayor's place temporarily, who shall be styled acting president of the Council. Both the president of the Council and the acting president of the Council, when occupying the position of the mayor, shall have the same privileges as the other members of the City Council; and all acts of the president of the Council or acting president of the Council, while so acting, shall be as binding upon the City Council and upon the City as if done by the elected mayor. (Ref. Neb. Rev. Stat. §16-402)

SECTION 1-104 CITY COUNCIL; SELECTION AND DUTIES

The members of the City Council shall be elected and serve for a four-year term. One council member from each ward shall be elected at each election so that terms are staggered. The City Council shall be the legislative division of the city government, and shall perform such duties and have such powers as may be authorized by law. The City Council shall maintain the peace, regulate business, protect the public health and safety, and assess such taxes and fees as are necessary and appropriate in the exercise of these functions. (Ref. Neb. Rev. Stat. §16-302.01)

SECTION 1-105 CITY COUNCIL; ORGANIZATION

City Council members of this City shall take office and commence their duties on the first regular meeting in December following their election. The newly elected council members who have qualified as prescribed by law, together with the members of the City Council holding over, shall assemble in a regular meeting at the hour and place hereinafter prescribed and perfect the reorganization of the City Council as herein provided, and all appointive offices in which the terms of incumbents are expired shall be filled by appointment. After the said meeting has been called to order, the city clerk shall report to the City Council the names of all City Council members-elect who have qualified for their respective offices, and this report shall be spread upon the minutes of the meeting preceding the roll call. Each ward of the City shall be represented by two council members. No person shall be eligible who is not at the time of his/her election an actual resident of the ward for which he/she is qualified; and should any council member move from the ward from which he/she was elected, his/her office shall thereby become vacant. (Ref. Neb. Rev. Stat. §16-302.01)

SECTION 1-106 RESIGNATIONS

All resignations of the mayor and council members shall be in writing and submitted to the City Council for acceptance. Resignations shall not be effective until accepted by formal action of the City Council. No resignations shall be accepted unless a quorum for conducting business will remain after such acceptance of such resignation. (Ref. Neb. Rev. Stat. §32-562)

PLATTSMOUTH CITY CODE
CHAPTER 1 - ADMINISTRATION

SECTION 1-107 ELECTED OFFICIALS; VACANCY

Vacancies in city elected offices shall be filled by the mayor and Council for the balance of the unexpired term except as provided in this section. Notice of a vacancy, except a vacancy resulting from the death of the incumbent, shall be in writing and presented to the Council at a regular or special meeting and shall appear as a part of the minutes of such meeting.

The City Council shall at once give public notice of the vacancy by causing to be published in a newspaper of general circulation within the City or by posting in three public places in the City the office vacated and the length of the unexpired term.

The mayor shall, within four weeks after the regular meeting at which such notice has been presented, or upon the death of the incumbent, call a special meeting of the City Council, at which time the mayor shall submit the name of a qualified elector to fill the vacancy for the balance of the unexpired term.

No officer who is removed at a recall election or resigns after the initiation of the recall process shall be appointed to fill the vacancy resulting from his/her removal or the removal of any other member of the City Council during the remainder of his/her term of office.

Upon a majority vote of approval by the City Council, the vacancy shall be filled. If a majority vote is not reached, the nomination shall be rejected and the mayor shall, at the next regular meeting, submit the name of another qualified elector. If the vote on the nominee fails to carry by majority vote, the mayor shall continue at such meeting to submit the names of qualified electors and the City Council shall continue to vote upon such nominations until the vacancy is filled.

The mayor shall cast his/her vote only in case of a tie vote of the City Council. All City Council members shall cast a ballot for or against each nominee. The mayor and Council may, in lieu of filling a vacancy in a city office as provided above in this section, call a special city election to fill such vacancy.

If there are vacancies in the offices of a majority of the members of the City Council, there shall be a special municipal election conducted by the Secretary of State to fill such vacancies. (Ref. Neb. Rev. Stat. §32-568, 32-569)

SECTION 1-108 MAYOR; VACANCY

Whenever a vacancy occurs in the office of mayor, or in case of his/her disability or absence, the president of the Council shall exercise the office of mayor until such vacancy is filled or such disability is removed, or in case of temporary absence, until the mayor returns.

When the successful candidate for mayor shall be prevented from assuming office, the incumbent mayor shall not be entitled to hold over the term, but such office shall automatically become vacant and the president of the Council shall exercise the office of mayor until such vacancy is filled.

PLATTSMOUTH CITY CODE
CHAPTER 1 - ADMINISTRATION

If the president of the Council shall for any cause assume the office of mayor for the remainder of the unexpired term, there shall be a vacancy on the Council which shall be filled as provided in Section 1-106. (Ref. Neb. Rev. Stat. §32-568)

**SECTION 1-109 ELECTED OFFICIALS; QUALIFICATIONS; RESTRICTIONS ON
OTHER EMPLOYMENT OR ELECTIVE OFFICE**

Elected officials shall be residents and registered voters of the City.

- A. The mayor and members of the Council shall hold no other elective or appointive office or employment with the City.
- B. For purposes of this section, (1) “elective office” means any office which has candidates nominated or elected at the time of a statewide primary election; any office which has candidates nominated at the time of a statewide primary election and elected at the time of a statewide general election; any office which has candidates elected at the time of a statewide general election; any office which has candidates nominated or elected at a city election; and any office created by an act of the Legislature which has candidates elected at an election and includes an office which is filled at an election held in conjunction with the annual meeting of a public body created by an act of the Legislature; and (2) “high elective office” means a member of the Legislature, an elective office described in Article IV, Sections 1 or 20, or Article VII, Sections 3 or 10 of the Constitution of Nebraska, or a county, city or school district elective office.
- C. No candidate for member of the Legislature or an elective office described in Article IV, Sections 1 or 20, or Article VII, Sections 3 or 10 of the Constitution of Nebraska shall be eligible to file as a candidate, to petition on the ballot as a candidate, to accept nomination by a political party or by party convention, caucus or committee to fill a vacancy or to be declared a write-in candidate for more than one elective office to be filled at the same election, except for the position of delegate to a county, state or national party convention. No candidate for any other high elective office shall be eligible to file as a candidate, to petition on the ballot as a candidate, to accept a nomination by a political party or by party convention, caucus or committee to fill a vacancy or to be declared a write-in candidate for more than one elective office to be filled at the same election.
- D. Except as provided in subsection E or G of this section, no person shall be precluded from being elected or appointed to or holding an elected office for the reason that he/she has been elected or appointed to or holds another elected office.
- E. No person serving as a member of the Legislature or in an elective office described in Article IV, Sections 1 or 20 or Article VII, Sections 3 or 10 of the Constitution of Nebraska shall simultaneously serve in another elective office which is filled at an election held in conjunction with the annual meeting of a public body.

PLATTSMOUTH CITY CODE
CHAPTER 1 - ADMINISTRATION

- F. Whenever an incumbent serving as a member of the Legislature or in an elective office described in Article IV, Sections 1 or 20 or Article VII, Sections 3 or 10 of the Constitution of Nebraska assumes another elective office, except an elective office filled at an election held in conjunction with the annual meeting of a public body, the office first held by the incumbent shall be deemed vacant.
- G. No person serving in a high elective office shall simultaneously serve in any other high elective office.
- H. Notwithstanding subsections E through G of this section, any person holding more than one high elective office on September 13, 1997, shall be entitled to continue to serve the remainder of all terms for which he/she was elected or appointed. (Ref. Neb. Rev. Stat. §16-305, 16-311, 32-109, 32-603, 32-604)

SECTION 1-110 COMPENSATION OF CITY OFFICIALS AND EMPLOYEES AND ELECTED OFFICIALS

All salaries for city officials and employees shall be set by ordinance of the City Council and will be available for public inspection at the office of the city clerk. The emoluments of any elective officer shall not be increased or diminished during the term for which he was elected, except that when there are officers elected to the council, or to a board or commission having more than one member and the terms of one or more members commence and end at different times, the compensation of all members of such council, board, or commission may be increased or diminished at the beginning of the full term of any member thereof. No person who shall have resigned or vacated any office shall be eligible to the same during the time for which he was elected when, during the same time, the emoluments have been increased. (Ref. Neb. Rev. Stat. §16-310, 16-326)

Amended – Ordinance No. 1786 4/20/2009

SECTION 1-111 COMPENSATION; CONFLICT OF INTEREST

For purposes of this section, "officer" shall mean (a) any member of any board or commission of the City, (b) any appointed official if such city official (i) serves on a board or commission which spends and administers its own funds and (ii) is dealing with a contract made by such board or commission, or (c) any elected city official. Unless specified otherwise, volunteer firefighters and ambulance drivers shall not be considered officers for purposes of this section with respect to their duties as firefighters and ambulance drivers.

No officer of the City shall be permitted to benefit from any contract to which the City is a party. The existence of such an interest in any contract renders the contract voidable by decree of a court of competent jurisdiction as to any person who entered into the contract or took assignment thereof with actual knowledge of the prohibited conflict. An action to have a contract declared void under this section may be brought by the City or by any resident thereof and must be brought within one year after the contract is signed or assigned. Any such decree may provide

PLATTSMOUTH CITY CODE
CHAPTER 1 - ADMINISTRATION

for the reimbursement of any person for the reasonable value of all money, goods, material, labor or services furnished under the contract to the extent that the City has benefited thereby.

The prohibition in this section shall apply only when the officer or his/her parent, spouse, or child (a) has a business with which the individual is associated or a business association which shall mean a business: (1) in which the individual is a partner, director, or officer or (2) in which the individual or a member of the individual's immediate family is a stockholder of a closed corporation stock worth \$1,000.00 or more at fair market value or which represents more than 5% equity interest, or is a stockholder of publicly traded stock worth \$10,000.00 or more at fair market value or which represents more than 10% equity interest or (b) will receive a direct pecuniary fee or commission as a result of the contract; provided, however, if such officer (a) is an employee of the business involved in the contract and (b) has no ownership interest or will not receive a pecuniary fee, such officer shall not be deemed to have an interest within the meaning of this section.

The provisions of this section shall not apply if the interested officer:

- A. Makes a declaration on the record to the City Council regarding the nature and extent of his/her interest, prior to official consideration of the contract;
- B. Does not vote on the matter of granting the contract, except that if the number of members of the Council declaring an interest in the contract would prevent the Council, with all members present, from securing a quorum on the issue, then all members may vote on the matter; and
- C. Does not act for the City as to inspection or performance under the contract in which he/she has an interest.

The receiving of deposits, cashing of checks, and buying and selling of warrants and bonds of indebtedness of any city by a financial institution shall not be considered a contract under the provisions of this section. The ownership of less than 5% of the outstanding shares of a corporation shall not constitute an interest within the meaning of this section. Notwithstanding the provisions of subsections A through C above, if an officer's parent, spouse or child is an employee of the City, the officer may vote on all issues of the contract which are generally applicable to all employees or all employees within a classification and do not single out his or her parent, spouse, or child for special action. If an officer has the power to employ personnel and he/she hires his/her parent, spouse, or child, such officer shall disclose the hiring pursuant to subsections 1 through 5 below, except that if the parent, spouse, or child is already employed in the position at the time the officer takes office and such position does not change, no disclosure need be made. Notwithstanding any other provision of this section, any contract entered into with an interested officer shall be subject to applicable competitive bidding requirements and shall be fair and reasonable to the City.

The city clerk shall maintain, separately from other records, a ledger containing the information listed in subsections 1 through 5 of this section about every contract entered into by the City in which an officer has an interest as specified above for which disclosure is made as provided in

PLATTSMOUTH CITY CODE
CHAPTER 1 - ADMINISTRATION

subsections A through C above. Such information shall be kept in the ledger for five years from the date of the officer's last day in office and shall include:

1. Names of the contracting parties;
2. Nature of the interest of the officer in question;
3. Date that the contract was approved;
4. Amount of the contract; and
5. Basic terms of the contract.

The information supplied relative to the contract shall be provided to the clerk not later than ten days after the contract has been signed by both parties. The ledger kept by the clerk shall be available for public inspection during the normal working hours of the office in which it is kept.

An open account established for the benefit of any City or entity thereof with a business in which an officer has an interest shall be deemed a contract subject to the provisions of this section. The statement required to be filed pursuant to this section shall be filed within ten days after such account is opened. Thereafter, the clerk shall maintain a running account of all amounts purchased on the open account. Purchases made from petty cash or a petty cash fund shall not be subject to the provisions of this section.

Any officer who knowingly violates the provisions of Neb. Rev. Stat. §49-14,103.01 through 49-14,103.03 shall be guilty of a Class III misdemeanor. Any officer who negligently violates Neb. Rev. Stat. §49-14,103.01 through 49-14,103.03 shall be guilty of a Class V misdemeanor.

All contracts involving \$100.00 or less in which an officer of such City may have an interest are exempt from the above and foregoing provisions.

No officer, including volunteer firefighters and ambulance drivers, shall receive any pay or perquisites from the City other than his/her salary. The City Council shall not pay or appropriate any money or other valuable thing to pay a person who is not an officer for the performance of any act, service or duty, which shall come within the proper scope of the duties of any officer of the City. (Ref. Neb. Rev. Stat. §16-502, 18-305 through 18-312, 49-14,103.01 through 49-14,103.03, 70-624.04)

ARTICLE II - APPOINTED OFFICIALS

SECTION 1-201 APPOINTMENT; REMOVAL

The mayor, with the consent of the City Council, may appoint such officers as shall be required by ordinance or otherwise required by law. The mayor, by and with the consent of the City Council, shall appoint a number of regular police officers as may be necessary. The City Council may establish and provide for the appointment of members of a law enforcement reserve force as provided by law.

All police officers and other appointed officials may be removed at any time by the mayor with the approval of a majority of the Council; except that if the City has a city water commissioner, he or she may at any time, for sufficient cause, be removed from office by a two-thirds (2/3) vote of the City Council. Removal of police officers may be appealed pursuant to Section 1-1304. (Ref. Neb. Rev. Stat. §16-308, 16-309)

SECTION 1-202 MERGER OF OFFICES

The City Council may, at its discretion, by ordinance, combine and merge any elective or appointive office or employment or any combination of duties of any such office(s) or employment(s), except mayor and Council members, with any other elective or appointive office or employment so that one or more such office(s) or employment(s) or any combination of duties of any such office(s) or employment(s) may be held by the same officer or employee at the same time. The office(s) or employment(s) so merged and combined shall always be construed to be separate and the effect of the combination or merger shall be limited to a consolidation of official duties only. The salary or compensation of the officer or employee holding the merged or combined office(s) or employment(s) shall not be in excess of the maximum amount provided by law for the salary or compensation of the office(s) or employment(s) so merged and combined. For purposes of this section, volunteer firefighters and ambulance drivers shall not be considered officers. (Ref. Neb. Rev. Stat. §16-305, 16-318.01)

SECTION 1-203 CLERK-TREASURER POSITION CREATED

The appointive offices of city clerk and city treasurer are hereby combined and merged in accordance with the authority granted to the City Council by Section 1-202. The office so merged and combined shall always be construed to be separated, and the effect of the combination or merger shall be limited to a consolidation of official duties only. The salary of the officer holding the merged offices shall not be in excess of the maximum amount provided by law for the salary of the offices so combined. (Ref. Neb. Rev. Stat. §16-318.01)

SECTION 1-204 CITY CLERK

The city clerk shall attend the meetings of the City Council and keep a correct journal of the proceedings of that body. He/she shall keep a record of all outstanding bonds against the City

PLATTSMOUTH CITY CODE
CHAPTER 1 - ADMINISTRATION

and when any bonds are sold, purchased, paid or cancelled, said record shall show the fact. At the end of the fiscal year, he/she shall make a report of the business of the City transacted through the clerk's office for the year. That record shall describe in particular the bonds issued and sold during the year and the terms of the sale with each and every item and expense thereof. He/she shall file all official bonds after the same shall have been properly executed and approved. He/she shall make the proper certificate of passage which shall be attached to original copies of all bond ordinances hereafter enacted by the City Council.

The city clerk shall issue all licenses, permits and occupation tax receipts authorized by law and required by the city ordinances. He/she shall collect all occupation taxes and license money, except where another city officer is specifically charged with that duty. He/she shall keep a register of all licenses granted in the City and the purpose for which they have been issued.

The city clerk shall permit no records, public papers or other documents of the City kept and preserved in the office to be taken therefrom, except by such officers of the City as may be entitled to the use of the same, but only upon their leaving a receipt therefor. He/she shall keep all the records of his or her office, including a record of all licenses issued by him or her in a blank book with a proper index. He/she shall include as part of his/her records all petitions under which the City Council shall order public work to be done at the expense of the property fronting thereon, together with references to all resolutions and ordinances relating to the same. He/she shall endorse the date and hour of filing upon every paper or document so filed in his/her office. All such filings made shall be properly docketed. Included in his/her records shall be all standard codes, amendments thereto, and other documents incorporated by reference.

The city clerk shall keep an accurate and complete account of the appropriation of the several funds and draw, sign and attest all warrants ordered for the payment of money on the particular fund from which the same is payable. At the end of each month, he/she shall then make a report of the amounts appropriated to the various funds and the amount of the warrants drawn thereon. Nothing herein shall be construed to prevent any citizen, official, or other person from examining any public records during the time that the clerk's office is regularly open for business.

The city clerk shall deliver all warrants, ordinances and resolutions under his/her charge to the mayor for his/her signature. He/she shall also deliver to officers, employees and committees all resolutions and communications which are directed at said officers, employees or committees. With the seal of the City, he/she shall duly attest the mayor's signature to all ordinances, deeds and papers required to be attested to when ordered to do so by the City Council. Within 30 days after any meeting of the City Council, the city clerk shall prepare and publish the official proceedings of the City Council in a legal newspaper of general circulation in the City, and which was duly designated as such by the City Council. Said publication shall set forth a statement of the proceedings thereof and shall also include the amount of each claim allowed, the purpose of the claim, and the name of the claimant, except that the aggregate amount of all payroll claims may be included as one item. Between July 15 and August 15 of each year, the employee job titles and the current annual, monthly or hourly salaries corresponding to such job titles shall be published. Each job title published shall be descriptive and indicative of the duties and functions of the position. The charge for such publication shall not exceed the rates provided by the statutes of the State of Nebraska. Said publication shall be charged against the

General Fund. He/she shall then keep in a book with a proper index copies of all notices required to be published or posted by the city clerk by order of the City Council or under the ordinances of the City. To each of the file copies of said notices shall be attached the printer's affidavit of publication, if the said notices are required to be published, or the city clerk's certificate under seal where the same are required to be posted only.

The city clerk shall receive all objections to creation of paving districts and other street improvements. He/she shall receive the claims of any person against the City, and in the event that the said claim is disallowed in part or in whole, the city clerk shall notify such claimant, his or her agent, or attorney by letter within five days after such disallowance, and the city clerk shall then prepare transcripts on appeals of any disallowance of a claim in all proper cases.

The city clerk may charge a reasonable fee for certified copies of any record in the office as set by resolution of the City Council. He/she shall destroy city records under the direction of the State Records Board pursuant to Sections 84-1201 through 84-1220; provided, the City Council shall not have the authority to destroy the minutes of the city clerk, the permanent ordinances and resolution books, or any other records classified as permanent by the State Records Board. Closed sessions may be held for, but shall not be limited to, such reasons as:

4. Any member of the public body shall have the right to challenge the continuation of a closed session if the member determines that the session has exceeded the reason stated in the original motion to hold a closed session or if the member contends that the closed session is neither clearly necessary for (a) the protection of the public interest or (b) the prevention of needless injury to the reputation of an individual. Such challenge shall be overruled only by a majority vote of the members of the public body. Such challenge and its disposition shall be recorded in the minutes.
5. Nothing in this section shall be construed to require that any meeting be closed to the public. No person or public body shall fail to invite a portion of its members to a meeting and no public body shall designate itself a subcommittee of the whole body for the purpose of circumventing the provisions of this article. No closed session, informal meeting, chance meeting, social gathering, or electronic communication shall be used for the purpose of circumventing the provisions of this article.

 - (3) The purchasing agent shall also advertise all pending purchases or sales by a notice posted for public view at a prominent location in City Hall.
- h. When deemed necessary by the purchasing agent, bid deposits shall be prescribed in the public notice inviting bids. When so required, the notice shall state that the bid security shall be sent in a separate sealed envelope, in the form of a certified check on a solvent bank or a bid bond from a surety company registered to do business in the State of Nebraska in the amount not less than five (5) percent of the total amount of the bid made payable to "Plattsmouth City Clerk." The unsuccessful bidders shall be entitled to a return of surety required by the purchasing agent. The successful bidder shall forfeit his or her bid deposit upon failure on his or her part to enter a contract within ten (10) days after receiving the previously prepared contract.
- i. The bid notice shall require that all bids be submitted in sealed envelopes to the purchasing agent and shall be identified as bids, specifying the project, on the envelope. Bids shall be opened in public on the date and at the time and place stated in the published notice. A tabulation of all bids received shall be available for public inspection.

 - (9) The information furnished by each bidder, when deemed applicable by the purchasing agent, concerning life-cycle costs between alternatives for all classes of equipment, evidence of expected life, repair and maintenance costs, and energy consumption on a per-year basis; and
 - (10) Such other information as may be secured having a bearing on the decision to award the contract.
- k. A “responsive bidder” shall be defined as a person or company who has submitted a bid which conforms in all material respects to the “Invitation for Bids.”
- l. When the award is not given to the lowest bidder, a full and complete statement of the reasons for placing the order elsewhere shall be prepared by the purchasing agent and filed with other papers relating to the transaction. No recommendation for an award to other than the lowest bidder shall be made without first having the matter reviewed by the purchasing agent and the city attorney.

cost of such enlargement or improvement is assessed to the property shall be awarded by the City Council until an estimate of the cost shall be made by the City Engineer and submitted to the Council.

- o. Except in the case of tie bids, there shall be neither formal nor tacit local vendor's preference policies. The City shall neither impose nor condone any bidding or procurement policies that result in exclusionary or anti-competitive bidding or violate state or federal antitrust laws. If all bids received are for the same total amount or unit price, quality and service being equal, the contract shall be awarded to a local bidder. Where there is no local bidder or when two (2) or more local bidders are equal, the City Council shall award the contract to one of the tie bidders by drawing lots in public.

- p. The formal bid requirements as set forth in this section "may be waived by the city council or board of public works (1) when materials or equipment are purchased at the same price and from the same seller as materials or equipment which have formerly been obtained pursuant to the state bidding procedure in sections 81-145 to 81-162 or (2) when the contract is negotiated directly with a sheltered workshop pursuant to section 48-1503."

- q. Except as otherwise provided in this policy and by law, pursuant to *Neb. Rev. Stat.* §49-14,102, no public official or public employee, a member of that individual's immediate family, or business with which the individual is associated shall enter into a contract valued at two thousand dollars or more, in any one year, with a government body unless the contract is awarded through an open and public process.
 - (1) For purposes of this section, an open and public process includes prior public notice and subsequent availability for public inspection during the regular office hours of the contracting government body of the proposals considered and the contract awarded.

 - (2) No contract may be divided for the purpose of evading the requirements of this section.

 - (3) This section shall not apply to a contract when the public official or public employee does not in any way represent either party in the transaction.

 - (4) This section prohibits public officials and public employees from engaging in certain activities under circumstances creating a substantial conflict of interest. This section is not intended to penalize innocent persons, and a contract shall not be absolutely void by reason of this section.

CHAPTER 1 - ADMINISTRATION

- r. If, after advertising for bids as provided in this section, the Council receives fewer than two bids on a contract or if bids received by the Council contain a price which exceeds the estimated cost, the mayor and Council may negotiate a contract in an attempt to complete the proposed enlargement or general improvements at a cost commensurate with the estimate given.
- s. If the materials are of a nature that, in the opinion of the manufacturer and with the concurrence of the City Council, no cost can be estimated until the materials have been manufactured or assembled to the specific qualifications of the purchasing city, the City Council may authorize the manufacture and assemblage of such materials and may thereafter approve the estimated cost expenditure when it is provided by the manufacturer.
- t. Notwithstanding any other provisions of law or a home rule charter, if the City has established, by an interlocal agreement with any county, a joint purchasing division or agency may purchase personal property without competitive bidding if the price for the property has been established by the Federal General Services Administration or the material division of the Department of Administrative Services. For purposes of this subsection: (a) Personal property includes, but is not limited to, supplies, materials and equipment used by or furnished to any officer, office, department, institution, board or other agency; and (b) Purchasing or purchase means the obtaining of personal property by sale, lease or other contractual means. All such purchases shall be awarded by the purchasing agent.
- b. All open market purchases in an amount greater than one thousand dollars (\$1,000.00), but less than twenty thousand dollars (\$20,000.00) shall, whenever possible, be based on at least three (3) competitive bids, and shall be awarded to the lowest responsible and responsive bidder in accordance with the same criteria established in this article for the formal contract procedure. When informally bidding for competitive bids, all procedures for formal bidding will be followed except for the publication requirement. All such purchases shall be awarded by the purchasing agent.
- c. All open market purchases greater than two hundred dollars (\$200.00) and not more than one thousand dollars (\$1,000.00) may be acquired after solicitation

Prior to soliciting the informal quotes, the purchasing agent or his or her designee shall have assigned a purchase order. If a repair of equipment or facilities is time sensitive for providing services to the public for water, sewer, police protection and street maintenance, this provision is waived and the department head may proceed with the repair.

- d. Purchases provided for under this subsection should be made from the lowest responsible and responsive bidder in accordance with the same criteria established in this article for the formal contract procedure.
- e. All open market purchases of two hundred dollars (\$200.00) or less may be made by utilizing open monthly purchase orders or by purchasing from available sources without the necessity of a formal or informal bid.
- f. When obtaining sealed bids for informal bidding, the purchasing agent shall mail all bid documents, and post a notice in City Hall, to all local persons who might have an interest in bidding, and to others in the industry.
- g. The purchasing agent may solicit informal quotes from prospective vendors, by notice posted for public view at a prominent location in City Hall, by telephone, by facsimile transmission, by electronic mail or other electronic means.
- h. The purchasing agent shall keep a record of all open market orders, and the bids submitted in competition thereon, and such records shall also be open to public inspection.

4. Surplus Stock

- a. All departments shall submit to the purchasing agent, at such time and in such form as he or she shall prescribe, reports showing stocks of all supplies which are no longer used or which have become obsolete, worn out or scrapped.
- b. The purchasing agent shall have the authority to sell or dispose of all surplus supplies and equipment of less than twenty thousand dollars (\$20,000.00) in value which have become unsuitable or unnecessary for public use. The purchasing agent shall sell or dispose of the property by any method which is most advantageous to the city, including auction, sealed bid, private or public sale, or trade-in for other property. All sales of equipment or supplies of twenty thousand dollars (\$20,000.00) or more in value shall require the prior approval of the City Council and shall be sold by way of auction or sealed bid.

The funds received by the city treasurer shall, as they accumulate, be immediately invested with the written approval of the City Council in the manner provided by state law. Such notice may provide that if the tenant fails to pay his or her rent or comply with any covenant or condition of his or her lease or the rules and regulations of such Authority, or cure a violation or default thereof, as the case may be, as specified in such notice, or follow the procedure for a hearing as set forth in the notice, all within the time or times set forth in such notice, the tenancy shall then be automatically terminated and no other notice(s) need be given of such termination or the intent to terminate the tenancy. Upon such termination and without any notice other than as provided for in this section, the Authority may file suit against any tenant for recovery of possession of the premises and may recover the same as provided by law.

The Authority may from time to time establish rules and regulations consistent with the purposes of this Article concerning personal property of tenants and other persons located in projects of the Authority, and if such personal property is not removed from a dwelling unit at the time of the termination of the lease, at the time of vacation or abandonment of the dwelling unit, or at the time of the death of any tenant, then the Authority may remove the same and store such property at the

ARTICLE XII - CITIZEN ADVISORY REVIEW COMMITTEE

SECTION 2-1201 ECONOMIC DEVELOPMENT PROGRAM

The mayor and City Council have been authorized by the electors of the City, at the City's primary elections held May 14, 2002, to adopt by ordinance an economic development program for the City as authorized by the Local Option Municipal Economic Development Act, Neb. Rev. Stat. §18-2701 et seq. The Economic Development Program of the City is amended as follows and shall be placed on file at the office of the City Clerk, and is adopted as authorized by the Local Option Municipal Economic Development Act:

**ECONOMIC DEVELOPMENT PLAN
FOR THE CITY OF PLATTSMOUTH, NEBRASKA**

Section I. General Community and Economic Development Strategy

Due to the extremely competitive nature of economic development at the national, state, and local levels, there is intense competition among states, counties and municipalities of our nation to expand and/or locate businesses in their respective jurisdictions. This intense competition for new job creation has forced states and municipalities to provide incentives to businesses in order to remain competitive. Plattsmouth has been consistently hampered in its efforts to effectively compete in the business recruitment and expansion area. Even though the community has not had a shortage of opportunities, the city has been unable to respond quickly to those opportunities by not controlling available property or being able to raise sufficient capital from local sources to provide incentives for business location and expansion decisions that are tailored to meet the needs of our local community. Our ability to encourage business location and expansion has a direct impact not only upon the economic well being of our community and its residents but upon the State of Nebraska as well.

There is a need to empower Nebraska cities with the opportunity to provide assistance to business enterprises in their communities, whether for expansion of existing operations or the creation of new businesses, by use of the funds raised by local taxation when the voters in the municipality determine that it is in the best interest of the community to do so. The general strategy for this Economic Development Plan and the effort to be undertaken in accordance with the Local Option Municipal Economic Development Act (LB840, 1991-Section 18-2701, RRS1997, et.seq.) is to significantly enhance the city's involvement and leadership in future economic development efforts and to create new jobs in the area.

On June 3, 1991 Legislative Bill 840 was signed into law. This important piece of legislation authorizes incorporated cities and villages to appropriate and spend local sales and property tax revenues for approved economic development purposes. Consequently, this law allows Nebraska communities the opportunity to determine their own destiny by identifying shortcomings and providing, through self-determination those incentives necessary to businesses looking at their community. The economic development plan formulated by the city implementing this legislation and the mechanism for funding the plan is subject to a vote of the people of the city. The core of the plan of the LB840 process involves the formulation of a proposed plan (the "Plan") for a local

PLATTSMOUTH CITY CODE
CHAPTER 2 – COMMISSION & BOARDS

economic development program. The Plan forms the foundation for the collection and expenditure of local tax revenues for economic development and the provisions of the plan become the basis under which the municipality's program operates.

Section II. Statement of Purpose Describing General Intent and Goals

It is the intent of the City of Plattsmouth, Nebraska to implement an economic development program with the general purpose and goals of:

1. **Creating** high paying quality jobs by generating employment opportunities and expanding the available work force within the labor market of Plattsmouth and Cass County.
2. **Attracting** new capital investment to the community.
3. **Broadening** the tax base, alleviate the community's reliance on property taxes and provide economic diversification to ensure economic stability and vitality for the community of Plattsmouth and the surrounding area.

In order to have a successful economic development strategy and help the community grow by providing existing and prospective residents with local economic opportunities Plattsmouth must complete the following actions:

1. The City must diversify its economy by recruitment of new industries from outside and developing new businesses from inside the City. Plattsmouth must have a program that is a nurturing environment for small businesses and is a center for economic opportunity. This atmosphere can encourage people (entrepreneurs) with the skills and ideas to come to Plattsmouth to conduct business.
2. The City must have a marketing program. Business recruitment will continue to be an effective and important part of Plattsmouth's economic development strategy. In addition to recruitment, the city can open job opportunities by helping existing business in the city to expand their markets and compete more successfully. Finally, the successful marketing of Plattsmouth as a center for opportunity is important to the city's effort to expand its labor force and attract new residents.
3. The City must provide for the acquisition of industrial land and the provision of supporting infrastructure.
4. Economic Development needs capital; therefore, the city must expand access to venture and risk capital both inside and outside the community.

CHAPTER 2 – COMMISSION & BOARDS

Section III. Eligible Economic Activities

This Economic Development Plan provides that the proceeds of funds generated from the use of LB840 may be used to fund any project or program providing direct and indirect financial assistance to a qualifying business and the payment of related costs and expenses as allowed by Local Option Municipal Economic Development Act.

Priority activities include the purchase of industrial site(s) and obtaining options for the purchase of such real estate. Land to be purchased or optioned may be within or outside the corporate limits of the City of Plattsmouth and will be identified through local analysis. If land outside the corporate limits is considered for purchase, close analysis will be made of the cost of extending infrastructure to the location and the burden on property owners of any special assessment districts that might be used to make such infrastructure improvements.

Furthermore, these funds may be used to provide the infrastructure to these sites or other sites to make them attractive to new or expanding businesses. Eligible infrastructure improvements, include but are not limited to the following:

1. Streets
2. Storm drainage
3. Water, sewer, gas, electric
4. Railroad extension and spurs
5. Telecommunications, cable, fiber optics, satellite service
6. Airport expansion and upgrades

Infrastructure improvements and costs may extend beyond the corporate limits of the City of Plattsmouth. Priority should be given to improvements within the City's corporate limits, but, if extension of such improvements beyond the corporate limits is necessary to achieve the goals of this program, such improvements may be funded. Only in exceptional circumstances, shall economic development (LB840) funds be used for improvements that extend beyond the City's zoning jurisdiction as it exists at the time.

The funds may also be used to construct facilities, structures, and/or appurtenances for new or proposed development or on a speculative basis to attract new business or industry. In addition, these facilities, structures and appurtenances are not required to be within the corporate limits of the City of Plattsmouth, but in only exceptional circumstances should the same extended outside the City's zoning jurisdiction as it exists as the time.

Eligible activities also include, but are not limited to the following:

1. Payments for salaries and support staff or contract staff to implement the

PLATTSMOUTH CITY CODE
CHAPTER 2 – COMMISSION & BOARDS

program.

2. Job credits for full-time jobs created (2080 hrs/yr) to include grants that are subject to job creation performance.
3. Expenses related to business recruitment, promotional activities and related administrative expenses.
4. Expenses for locating a qualified business in the area.
5. Grants or agreements for job training.
6. Provision of technical assistance to businesses, such as marketing assistance, management counseling, preparing financial packages, engineering assistance.
7. Direct loans or grants to qualifying businesses for fixed assets or working capital or both; loan guarantees for qualifying business; grants for public works improvements which are essential to the location or expansion of, or the provision of new services by, a qualifying business; grants or loans for job training; the purchase of real estate, options for such purchases, and the renewal or extension of such options; the issuance of bonds as provided for in the Local Option Municipal Economic Development Act; and payments for salaries and support of city staff to implement the economic development program or the contracting of such to an outside entity.

The City recognizes that the attraction of new business and industry to a community, or the expansion of existing business or industry, takes place in an extremely competitive market place. In order to make Plattsmouth, Nebraska as competitive as possible in that market place and in the creation/retention of jobs in the Plattsmouth area, the use of funds for any project or program for the purpose of providing direct or indirect financial assistance to a qualifying business and the payment of related costs and expenses allowed by Section 6 of LB840, shall be eligible activities under this Economic Development Plan.

The level of funding assistance is based, in part, on the number of jobs to be created/retained and the total amount of investment in the community. Funds from this program shall not be considered the sole funding source.

Eligible Types of Businesses

1. A qualifying business shall mean any corporation, partnership, limited liability company or sole proprietorship, which derives its principal source of income from any of the following:
 - a. The manufacture of articles of commerce;
 - b. The conduct of research and development;

PLATTSMOUTH CITY CODE
CHAPTER 2 – COMMISSION & BOARDS

- c. The processing, storage, transport, or sale of goods or commodities which are sold or traded in interstate commerce;
 - d. The sale of services in interstate commerce;
 - e. Tourism related activities;
 - f. Telecommunications activities;
 - g. Headquarters facilities relating to eligible activities as listed in this section.
2. If a business, which would otherwise be a qualifying business, employs people and carries on activities in more than one city in Nebraska or will do so at any time during the first year following its application for participation in an economic development program, it shall be a qualifying business only if, in each such city, it maintains employment for the first two years of its participation in the economic development program at a level not less than its average employment in such city over the twelve month period preceding participation.
3. Any other business deemed as a qualifying business through future action of the Nebraska Legislature.
4. A qualifying business need not be located within the territorial boundaries of the city from which it is or will be receiving financial assistance, but only in exceptional circumstances be outside the City's zoning jurisdiction.

Section IV. Source of Funding for Economic Development Program

The Plattsmouth Economic Development Program will be funded by one-third of the city sales and use tax with a maximum amount of not more than four-tenths of one percent (.4 of 1%) of the City's assessed valuation to be appropriated in each year for the economic development program. That amount not appropriated shall be held in a reserved restricted to the Economic Development Fund of the City.

Plattsmouth may have a business opportunity or other economic development project that requires up-front funds that exceed the single year proceeds of the local option sales tax. In order to take maximum advantage of such an opportunity, Plattsmouth shall have the ability to issue bonds. These bonds are then retired by future sales tax receipts. Under LB732 (September 1993), a bill that made changes in LB840, communities may include this bonding authority within their economic development programs. Therefore, in this program the City Council may authorize the issuance of bonds to carry out the economic development program, following a public hearing.

A maximum of 10% of amounts collected for the Program may be used for administration. All remaining funds will be used for approved plan activities.

4. To grant a variance to the zoning regulations where by reason of exceptional narrowness, shallowness, or shape of a specific piece of property at the time of the enactment of the zoning regulations, or by reason of exceptional topographic conditions or other extraordinary and exceptional situation or condition of such piece of property, the strict application of any enacted regulation would result in peculiar and exceptional practical difficulties to or exceptional and undue hardships upon the owner of such property. Such variance from such strict application so as to relieve such difficulties or hardship may be granted if it will not result in substantial detriment to the public good and without substantially impairing the intent and purpose of any ordinance or resolution.

Provided, however, that no such variance shall be authorized by the Board unless it finds that (a) the strict application of the zoning regulation would produce undue hardship; (b) the hardship is not shared generally by other properties in the same zoning district in the same vicinity; (c) the authorization of such variance will not be a substantial detriment to adjacent property and the character of the district will not be changed by granting a variance; and (d) the granting of such variance is based upon reason of demonstrable and exceptional hardship as distinguished from variations for purposes of convenience, profit or caprice.

Provided, further, that no variance shall be authorized unless the Board finds that the condition or situation of the property concerned or the intended use of the property is not so general or recurring a nature as to make reasonably practicable the formulation of a general regulation to be adopted as an amendment to the zoning regulations. In exercising these powers the Board may, in conformity with state law, reverse or affirm, wholly or partly, or may modify the order, requirement, decision or determination appealed from, and may make such order, requirement, decision or determination as ought to be made, and to that extent shall have all powers of the officer from whom the appeal is taken.

5. To carry out any other duty prescribed by state statute.

SECTION 3-134 USING TRAILERS FOR STORAGE PURPOSES

No trailers manufactured primarily for the conveyance of goods and property shall be utilized for storage purposes in any residential zoning district of the city.

SECTION 3-135 GRAFFITI PROHIBITED; ABATEMENT

1. **STATE LAW:** Graffiti and other inscribed materials on walls and structures of public and private property is a blighting factor which depreciates the value of the property that was the target of vandalism, and it also depreciates the value of adjacent and surrounding properties. Therefore, graffiti and other inscribed materials negatively impact the entire community. The State of Nebraska has authorized cities to define, regulate, suppress and prevent nuisances and to declare what constitutes a nuisance, and to abate and cause the removal of the same. The display, and allowed display, of graffiti constitutes a nuisance. To promote the abatement and removal of this nuisance, the City Council makes it unlawful to display or to allow to be displayed graffiti and other inscribed materials on walls, structures, and the like, and the City Council mandates that the owners of private property undertake measures necessary to abate and remove graffiti and other inscribed materials from walls, structures, and the like within seven (7) days if seasonal temperatures permit.
2. **GRAFFITI; NUISANCE:** The City Council finds and determines that graffiti is a nuisance and that unless it and other inscribed material is abated and removed from public and private properties, it tends to remain, and other properties are then the target of graffiti which will result in entire neighborhoods and communities depreciating in value and becoming less desirable places to be and live. The City Council therefore determines that it is appropriate to develop procedures to implement the laws of the State of Nebraska, as amended, by providing a procedure to remove graffiti and other inscribed material from both public and private property under the following circumstances. The City Council declares as a matter of legislative determination that:

PLATTSMOUTH CITY CODE
CHAPTER 3 - MISDEMEANORS

- a. Increasing incidences of the defacement of public and private property by graffiti upon walls, rocks, bridges, buildings, fences, gates, other structures, trees, and other real and personal property within the corporate boundaries of the City constitutes a blight on this community; and, in the interests of health, safety and the general welfare of the residents and taxpayers of the City, immediate steps must be taken to remove this blight.
 - b. When appropriate, courts should require those who commit acts of defacement of public or private property with graffiti should be ordered to restore the property so defaced, damaged or destroyed.
 - c. Obtaining convictions for applying graffiti is difficult because the offenses are committed quickly and secretly, with witnesses very seldom present.
 - d. The public should be encouraged to collaborate in the elimination of graffiti by reporting to proper authorities the incidence of the application of graffiti which they have observed.
3. **DEFINITIONS:** The terms of graffiti and graffiti abatement procedure, when used in this article, have the following meanings:
- a. Graffiti means the defacing, damaging or destroying by the spraying of paint or marking of ink, chalk, dye or other similar substances on public and private buildings, structures and places.
 - b. Graffiti abatement procedure means an abatement procedure which identifies graffiti to the property owner, issues notice to the property owner, allows a property owner to grant permission to the City to abate the graffiti at no expense to the owner or to elect to abate the graffiti at the owner's expense, or upon failure to abate at the owner's expense within seven (7) calendar days of notification, the City subsequently abates the graffiti in the absence of the owner's response, and the property owner is responsible for the cost of the City's expense for the abatement.
 - c. Private contractor means any person with whom the City shall have contracted to remove graffiti.
 - d. City forces mean City employees and equipment available to abate graffiti.
4. **ACTS PROHIBITED:** It shall be unlawful for any person to write, paint or draw upon any wall, rock, bridge, building, fence, gate, other structure, tree, or other real or personal property, either publicly or privately owned, any drawing, inscription, figure or mark of the type which is commonly known and referred to as "graffiti" within the City. This ordinance shall not apply to any other nuisance which is governed by §§4-501 through -650.

PLATTSMOUTH CITY CODE
CHAPTER 3 - MISDEMEANORS

5. **PENALTY SECTION:** Any person convicted of violating 6-358(4) shall be punished by a fine up to \$100.00. In addition, the court may, in imposing sentencing, order the defendant to restore the property defaced, damaged or destroyed to its original condition.

6. **NOTICE TO REMOVE GRAFFITI:** Whenever a property owner, citizen or City official determines that graffiti exists on any public or private building, structure or place which is visible to any person utilizing any public right of way, that person shall notify the Plattsmouth Police Department. If seasonal temperatures permit painting or abating graffiti on exterior surfaces, the City is authorized to obtain a signed "Notification, Consent and Release of Liability Form" or cause a notice to be issued to abate the nuisance and declaring the City's intent to remove the graffiti within seven (7) days, and cause the graffiti to be abated by City forces or private contract at no expense to the owner, and the City or its private contractor is expressly authorized to enter the premises for that purpose, and to state that the property owner shall have seven (7) calendar days after the date of the notice to remove the graffiti by authorizing the City or its contractor to do so or to personally remove the graffiti, and to notify the owner that if the owner does not take any action within seven (7) days, the City will abate the nuisance at the owner's expense.

The notice to abate graffiti pursuant to this section shall be in writing and served on the owners of the affected premises as such owners' names and addresses appear on the last property-tax assessments rolls of the county. If there is no known address for the owner, the notice shall be sent in care of the property address. The notice required by this section may be served in any one of the following manners:

- a. By personal service on the owners, occupants or persons in charge or control of the property.

- b. By registered for certified mail addressed to the owners at the owners' last known address. If this address is unknown, the notice will be sent to the property address.

The City shall take all reasonable efforts to minimize damage from the City's entry onto the property to abate the graffiti. Any paint or other abatement methods used to obliterate the graffiti, shall be as close as practicable to the background colors. If removal of the graffiti is provided by the City, any painting or repair will not cover any more extensive of an area than where the graffiti or other inscribed material is located.

7. **PRIVATE PROPERTY NOTIFICATION; CONSENT AND RELEASE FROM LIABILITY FORMS:** When the City becomes aware of a location with graffiti, immediate administrative steps should be taken to identify the legal owner. A City representative will make every effort to contact the owner immediately, including a visit to the structure or location where a notice may be posted, in addition to other notification methods. For the purpose of the graffiti abatement notification, time lines will start the day the notice to abate is formally issued pursuant to this ordinance, or the date the Notification, Consent and Release from Liability Form is signed. A written Notification, Consent and Release from Liability Form may be signed by the property owner and abatement can proceed

PLATTSMOUTH CITY CODE
CHAPTER 3 - MISDEMEANORS

immediately, but if the owner does not sign the Form, the City must wait seven (7) days to abate the graffiti and charge the cost of abatement to the owner.

The Notification, Consent and Release from Liability Forms shall identify the legal owner, the property address and specific location of the graffiti proposed to be abated. The Form shall specify the method of abatement (i.e., over-paint; sanding; sandblasting; or other, with a general description). The Form shall offer the property owner the choice to consent to abatement by City forces or private contractor and a release from liability for the City to take immediate steps to abate the graffiti (seasonal temperatures permitting) at no cost to the owner, or to decline in the City's offer and to abate the graffiti personally within seven (7) calendar days at the owners' personal expense. If the owner accepts responsibility for removing the graffiti, but fails to do so within seven (7) calendar days after the date of notification or service pursuant to this section, the City is expressly authorized to enter the property and abate the graffiti by the method proposed in the initial offer from the City to remove the graffiti. When the owner declines the City's offer to abate the graffiti at the City's expense and subsequently fails to comply within seven (7) days, or fails to acknowledge receipt of notification within seven (7) days, the cost of abatement shall be the owner's expense. If there is no acknowledgment of the notice of graffiti within seven (7) days, the City shall be authorized to enter the property for the purpose of graffiti abatement and to charge the cost of abatement to the owner. Any and all costs incurred by the City in the abatement of the graffiti nuisance under this section which are chargeable to the owner shall constitute a lien or special assessment against the property.

8. **APPEAL BY OWNER:** Within seven (7) days of notification of graffiti, as defined in this section, or within seven (7) days from the mailing of personal service of the notice, the owner, or the person occupying or controlling the premises affected may appeal to the County Court of Cass County, Nebraska.

9. **CITY'S ABATEMENT OF GRAFFITI BY AUTHORIZATION:** Once a written Notification, Consent and Release from Liability Form is signed by the property owner, or the seven (7) calendar days after the owner's notification has been served and not acted upon, the abatement by City forces or privately contracted forces can commence immediately. The City shall take all reasonable efforts to minimize damage from the City's entry onto the property to abate the graffiti nuisance, and any materials used to abate the graffiti nuisance shall match, to the extent practicable, the existing material.

SECTION 3-136 FAILING TO APPEAR

It shall be unlawful for any person to fail to appear in court, or otherwise comply with the command of a citation to appear in court, unless such appearance date provided on the citation has been continued by the court or by the city.

The notice shall be given to the owner or owner's agent by personal service or by certified mail, return receipt requested, sent to the last known address of such owner or owner's agent as reflected in the records of the Cass County assessor. The notice shall describe the condition as found by the authorized official and shall state that the condition has been declared a public nuisance. The notice shall set forth a date by which the nuisance shall be abated, and the date shall be such time as is reasonable in the judgment of the authorized official to abate the nuisance, provided that, unless an emergency exists, such time shall not be less than 30 days.
- D. A copy of the order shall be sent by first-class mail to the address for notice specified by the owner or occupant in writing to the City Clerk or, if no address is so specified, posted at the real estate and sent by first-class mail to the last known address for the owner or owner's agent as reflected in the records of the Cass County assessor. CHAPTER 6 – PUBLIC WAYS & PROPERTY
ARTICLE I - MUNICIPAL PROPERTY

SECTION 6-101 DEFINITIONS

The following definitions shall be applied throughout this chapter. When no definition is specified, the normal dictionary usage of the word shall apply.

The term "sidewalk space," as used herein, shall mean that portion of a street between curb lines and adjacent property lines.

SECTION 6-102 MAINTENANCE AND CONTROL

The City Council shall have the care, supervision and control of all public highways, bridges, streets, alleys, public squares and commons within the City, and shall cause the same to be kept open, in repair and free from nuisances. (Ref. Neb. Rev. Stat. §16-201)

SECTION 6-103 OBSTRUCTIONS

Trees and shrubs growing upon public property may be removed or trimmed at any time by the City. Trees and shrubs growing on private property which overhang public property may be trimmed by the City to remove such overhanging growth. Such trimming operation shall not give rise to a cause of action against the City for damage to the affected tree or shrub. It shall be unlawful for any person, firm or corporation to obstruct or encumber any of the streets, alleys or sidewalks of the City by fences, gates, buildings, structures or otherwise. (Ref. Neb. Rev. Stat. §16-207)

SECTION 6-104 REMOVAL OF OBSTRUCTIONS NEAR UTILITIES

The City or any public utility affected may cause the trimming or removal of any tree or shrub growing on or over any public right-of-way so close as to interfere with the maintenance of any utility wires or pipes. Whenever possible, notice of the intention of such removal shall be given to the owner or occupant prior to trimming or removal.

SECTION 6-105 PERMITTED OBSTRUCTIONS

Persons engaged in the erection, construction, reconstruction, wrecking or repair of any building, or the construction or repair of a sidewalk along any street, may occupy the public street space with such building material and equipment as long as necessary if such persons shall make application to and receive a permit in writing from the Public Works Director or his/her designee to do so; provided, no permit for the occupancy of the sidewalk space, and more than 1/3 of the roadway of the public space adjacent to the real estate on which said building is to be constructed, erected, reconstructed, wrecked or repaired shall be granted; and provided further, a suitable passageway for pedestrians shall be maintained within the public space included in the permit, which space shall be protected and lighted in the manner required by the street and property maintenance superintendent.

SECTION 6-106 COUNCIL APPROVAL FOR IMPROVEMENTS, PARKING

The City Council may, by resolution or ordinance, order or permit the use of any area which is part of the city right-of-way for parking or improvements by an adjoining owner when, in the judgment of the City Council, such portion of any street right-of-way shall not be necessarily required for actual travel. The City Council may, at the adoption of such ordinance or resolution, impose conditions of approval and limit the period of such approved use. In any event, any such approved use shall require an annual renewal thereof by application to the office of the city clerk, but renewal shall not require City Council approval unless otherwise described in the grant or permit or by other City Council action.

SECTION 6-106.01 TEMPORARY USE OF RIGHTS-OF-WAY

The City Council may permit the temporary use of any area which is part of the city right-of-way for retail or other uses when, in the judgment of the City Council, such portion of any sidewalk space or other public right-of-way adjoining such area shall not be necessary for actual travel and the temporary use of the same for retail or other purposes will not adversely impact the health and safety of right-of-way users. Any such temporary use of the public right-of-way shall require the issuance of a license from the City. The City Council will limit the duration of any license issued pursuant to this section and may impose other conditions on the use of the public right-of-way pursuant to such license. The City Council may grant a license upon application made by an individual user, or the City Council may by resolution establish conditions for the issuance of licenses for certain types of right-of-way use and authorize an appropriate City officer to issue licenses to applicants in compliance with such conditions.

Rev. Stat. §18-1001 to 18-1006. (Ref. Neb. Rev. Stat. §16-202)

PLATTSMOUTH CITY CODE
CHAPTER 6 – PUBLIC WAYS & PROPERTY

Notice of such sale and the terms thereof shall be published for three consecutive weeks in a legal newspaper published in or of general circulation in the City immediately after the passage and publication of such ordinance.

If within 30 days after the passage and publication of such ordinance, a remonstrance against such sale, signed by registered voters of the City equal in number to 30% of the registered voters of the City voting at the last regular city election held therein, is filed with the City Council, such property shall not then, nor within one year thereafter, be sold. If the date for filing the remonstrance falls upon a Saturday, Sunday or legal holiday, the signatures shall be collected within the 30 day period, but the filing shall be considered timely if filed or postmarked on or before the next business day.

Upon receipt of the remonstrance, the City Council, with the aid and assistance of the election commissioner or county clerk, shall determine the validity and sufficiency of signatures on the remonstrance. The City Council shall deliver the remonstrance to the election commissioner or county clerk by hand carrier, by use of law enforcement officials or by certified mail, return receipt requested. Upon the receipt of the remonstrance, the election commissioner or county clerk shall issue to the City Council a written receipt that the remonstrance is in his/her custody.

The election commissioner or county clerk shall compare the signature of each person signing the remonstrance with the voter registration records to determine if each signer was a registered voter on or before the date on which the remonstrance was filed with the City Council. The election commissioner or county clerk shall also compare the signer's printed name, street and number or voting precinct, and municipal or post office address with the voter registration records to determine whether the signer was a registered voter. The signature and address shall be presumed to be valid only if the election commissioner or county clerk determines that the printed name, street and number or voting precinct, municipal or post office address matches the registration records and that the registration was received on or before the date on which the remonstrance was filed with the City Council. The determinations of the election commissioner or county clerk may be rebutted by any credible evidence which the City Council finds sufficient. The express purpose of the comparison of names and addresses with the voter registration records, in addition to helping to determine the validity of the remonstrance, the sufficiency of the remonstrance, and the qualifications of the signer, shall be to prevent fraud, deception and misrepresentation in the remonstrance process.

Upon the completion of the comparison of names and addresses with the voter registration records, the election commissioner or county clerk shall prepare in writing a certification under seal setting forth the name and address of each signer found not to be a registered voter and the signature page number and line number where the name is found, and if the reason for the invalidity of signature or address is other than the nonregistration of the signer, the election commissioner or county clerk shall set forth the reason for the invalidity of the signature. If the election commissioner or county clerk determines that a signer has affixed his/her signature more than once to the remonstrance and that only one person is registered by that name, the election commissioner or county clerk shall prepare in writing a certification under seal setting forth the name of the duplicate signature and shall count only the earliest date signature.

PLATTSMOUTH CITY CODE
CHAPTER 6 – PUBLIC WAYS & PROPERTY

The election commissioner or county clerk shall certify to the City Council the number of valid signatures necessary to constitute a valid remonstrance. The election commissioner or county clerk shall deliver the remonstrance and the certifications to the City Council within 40 days after the receipt of the remonstrance from the City Council. The delivery shall be by hand carrier, by use of law enforcement officials, or by certified mail, return receipt requested. No more than 20 signatures on one signature page shall be counted.

The City Council shall, within 30 days after the receipt of the remonstrance and certifications from the election commissioner or county clerk, hold a public hearing to review the remonstrance and certifications and receive testimony regarding them. The City Council shall, following the hearing, vote on whether or not the remonstrance is valid and shall uphold the remonstrance if sufficient valid signatures have been received.

SECTION 6-109 ACQUISITION OF PROPERTY; APPRAISAL

The City shall not purchase, lease-purchase, or acquire for consideration real property having an estimated value of \$100,000.00 or more unless an appraisal of such property has been performed by a certified real estate appraiser. (Ref. Neb. Rev. Stat. §13-403)

SECTION 6-110 ACQUISITION OF REAL PROPERTY

When acquiring an interest in real property by purchase or eminent domain, the City shall do so only after the City Council has authorized the acquisition by action taken in a public meeting after notice and public hearing. (Ref. Neb. Rev. Stat. §18-1755)

SECTION 6-111 DESTRUCTION OR DAMAGE TO PROPERTY

Such resolution shall state that the City will remove said branches and charge the costs thereof to the owner or occupant as a special assessment for improvements as herein provided, if said resolution is not complied with. Sidewalks within the residential areas of the City shall be cleaned within 12 hours after the cessation of the storm.

Notice to remove snow, sleet, mud, ice or other substance shall be made upon the owner of the premises, said notice to demand the removal of said substance forthwith. If the person owning such premises is unknown or cannot be found, or if any reasonable service cannot be made upon any such owner, agent or occupant within the City, then such service of said notice shall be made by posting a copy thereof in some conspicuous place on the premises; and in case the owner or occupant shall fail to remove the snow, sleet, mud, ice or other substance, then it shall be the duty of the Public Works Director or his/her designee to remove such substance and the expense thereof shall be charged against the property and the owner thereof, and may be recovered by proper action in the name of the City or be chargeable against the property as a special assessment for improvements. Owners of lots or land abutting upon any street, avenue or alley within the City representing 75% of the front footage thereon may petition the City Council to create an improvement district, so that such district when created will make up one continuous or extended thoroughfare or more without cost to the City. The City Council shall assess the entire cost of any such improvements on any such street, alley or avenue, including intersections of streets or avenues and spaces opposite alleys, against the private property within such improvement districts. It shall be the duty of the City Council to create the proper improvement districts, which shall be consecutively numbered, and to improve the same and to proceed in the same manner and form as hereinbefore provided for in other paving and improvement districts; provided, the City Council shall have power to levy the entire cost of such improvements of any such street, avenue or alley, including intersections of streets or avenues and spaces opposite alleys, against the private property within such district, and to issue street improvement bonds to pay for such improvements. Such bonds shall be issued to cover the entire cost of so improving such streets or avenues, including intersections of the same, and spaces opposite alleys. If the assessments hereinbefore provided for, or any part thereof, shall fail, or for any reason shall be invalid, the City Council shall make other and further assessments upon such lots or lands as may be required to collect from the same the cost of any improvements properly chargeable thereto, as herein provided. The City Council shall have the discretion to deny the formation of the proposed district when the area has not previously been improved with a water system, sewer system, and grading of streets. If the City Council should deny a requested improvement district formation, it shall state the grounds for such denial in a written letter to interested parties. (Ref. Neb. Rev. Stat. §16-624)

SECTION 6-312 DEFERRAL FROM SPECIAL ASSESSMENTS

Whenever the City Council creates an improvement district as specified in Section 6-311 which includes land adjacent to the City which is within an agricultural use zone and is used exclusively for agricultural use, the owners of record title of such adjacent land may apply for a deferral from special assessments. For purposes of this section, the terms “agricultural use” and “agricultural use zone” shall have the meaning specified in Neb. Rev. Stat. §77-1343.

Any owner of record title eligible for the deferral granted by this section shall, to secure such assessment, make application to the City Council within 90 days after creation of an improvement district as specified in Section 6-108. Any owner of record title who makes application for the deferral provided by this section shall notify the county register of deeds of such application in writing prior to approval by the City Council. The City Council shall approve the application of any owner of record title upon determination that the property (a) is within an agricultural use zone and is used exclusively for agricultural use, and (b) the owner has met the requirements of this section.

PLATTSMOUTH CITY CODE
CHAPTER 6 – PUBLIC WAYS & PROPERTY

The deferral provided for in this section shall be terminated upon any of the following events:

1. Notification by the owner of record title to the City Council to remove such deferral;
2. Sale or transfer to a new owner who does not make a new application within 60 days of the sale or transfer, except as provided in subdivision 3 of this section;
3. Transfer by reason of death of a former owner to a new owner who does not make application within 125 days of the transfer;
4. The land is no longer being used as agricultural land; or
5. Change of zoning to other than an agricultural zone.

Whenever property which has received a deferral pursuant to this section becomes disqualified for such deferral, the owner of record title of such property shall pay to the City an amount equal to:

- A. The total amount of special assessments which would have been assessed against such property, to the extent of special benefits, had such deferral not been granted; and
- B. Interest upon the special assessments not paid each year at the rate of 6% from the dates at which such assessments would have been payable if no deferral had been granted.

In cases where the deferral provided by this section is terminated as a result of a sale or transfer described in subdivision 2 or 3 of this section, the lien for assessments and interest shall attach as of the day preceding such sale or transfer. (Ref. Neb. Rev. Stat. §19-2428 through 19-2431)

SECTION 6-313 VACATING PUBLIC WAYS; DEFINITIONS AND ASCERTAINING DAMAGES

- A. “Special damages” shall mean only those losses or damages or injuries which a property owner suffers that are peculiar or special or unique to his/her property, and which result from the City Council vacating such street, avenue, alley, lane or similar public ways.

Special damages shall not mean those losses or damages or injuries that a property owner suffers that are in common with the rest of the City or public at large, even though those losses or damages or injuries suffered by the property owner are greater in degree than the rest of the City or public at large.

- B. The mayor shall appoint three or five or seven disinterested residents of the City to a special commission to ascertain the amount of special damages that the abutting property owners are entitled to receive and which resulted from the City Council vacating such street, avenue, alley, lane or similar public way. The appointees of the special commission shall be approved by the Council. Only special damages, as herein defined, shall be awarded to the abutting property owners.
- C. In determining the amount of compensation to award the abutting property owners as special damages, the aforementioned commission shall use the following rule:

The abutting property owner is entitled to recover as compensation the difference between the

PLATTSMOUTH CITY CODE
CHAPTER 6 – PUBLIC WAYS & PROPERTY

value of such property immediately before and immediately after the vacating of such street, avenue, alley, lane or similar public way. However, if no difference in value exists the abutting property owner is entitled to no compensation. (Ref. Neb. Rev. Stat. §16-904)

SECTION 6-314 VACATING PUBLIC WAYS; PROCEDURE

Whenever the City Council decides that it would be in the best interests of the City to vacate a street, avenue, alley, lane or similar public way, the City Council shall comply with the following procedure:

- A. Notice. Notice shall be given to all abutting property owners either by First Class mail to their last known address or if there is no known address then by publishing the notice in a newspaper that is of general circulation in the City. The content of the notice will advise the abutting property owners that the City Council will consider vacating such street, avenue, alley, lane or similar public way at their next regular meeting or if a special meeting is scheduled for such discussion, then the date, time and place of such meeting.
- B. Consent/Waiver. The City Council may have all the abutting property owners sign a form stating that they consent to the action being taken by the City Council and waive their right of access. The signing of such form has no effect on claims for special damages, as defined in Section 6-313, by the abutting property owners, but does create the presumption that the City Council's action was proper.

However, if all the abutting property owners do not sign the consent/waiver form, the City Council may still proceed with vacating such street, avenue, alley, lane or similar public way under the authority granted them by Neb. Rev. Stat. §16-611.

- C. Ordinance. The City Council shall pass an ordinance that shall state essentially the following:
 - 1. A declaration that the action is expedient for the public good or in the best interests of the City.
 - 2. A statement that the City shall have an easement for maintaining all utilities.
 - 3. A method or procedure for ascertaining special damages to abutting property owners.
- D. Filing. The clerk shall file a copy of the ordinance with the county register of deeds to ensure that abutting property owners can gain title to their share of the vacated street, avenue, alley, lane or similar public way and so that such land will be drawn to the attention of the county assessor. (Ref. Neb. Rev. Stat. §16-611)

SECTION 6-315 INTERSECTION IMPROVEMENTS

The cost of improving the intersections of streets, avenues or the spaces opposite alleys shall be paid by the City. The City Council is hereby authorized to assess such improvements, issue improvement bonds, and levy a special tax on all of the taxable property in the City in the manner provided by law for the payment thereof. All improvements to any streets, avenues or alleys within the City for which a special tax shall be levied shall be done by contract with the lowest responsible

PLATTSMOUTH CITY CODE
CHAPTER 6 – PUBLIC WAYS & PROPERTY

bidder to be determined by the City Council.

SECTION 6-316 IMPROVEMENTS; ACCEPTANCE BY CITY ENGINEER

When any improvement is completed according to contract, it shall be the duty of the city engineer to inspect the same and if the improvement is found to be properly done, he/she shall accept the same and report his/her acceptance to the mayor, who shall report the improvement to be approved or disapproved. The City Council may confirm or reject such acceptance. When the ordinance levying the special assessment tax makes the same due as the improvement is completed, the city engineer may accept the same in sections from time to time, if they are found to be finished according to the contract.

SECTION 6-317 CUTTING PAVING, CURB OR SIDEWALK

It shall be unlawful for any person to cut into any paving, curb or sidewalk for the purpose of constructing a driveway or any other purpose whatsoever without first having obtained a written permit from the city building inspector, or the Public Works Director or his/her designee. The application for such permit shall contain the following information:

1. The addition, block and lot which the improvement is to serve.
2. The location of the proposed improvement with reference to adjacent lot lines.
3. The width of the improvement and type of surface which the improvement will connect.

Upon the application being filed, it shall be the duty of the Public Works Director or his/her designee to inspect the place of entry into the paving, sidewalk or curb, and approve such application on such terms and conditions, including starting and completion dates, as he/she determines necessary. When cutting into any paving, it shall be the duty of the party to cut the paving under such rules and regulations as may be prescribed by the street and property maintenance superintendent. When the applicant is ready to close the opening made, he/she shall inform the Public Works Director or his/her designee, who shall supervise and inspect the materials used and the work done in closing the opening. It shall be discretionary with the City Council, to order the Public Works Director or his/her designee to do the work of cutting and closing the paving and charge the costs thereof to the party who obtained such permit. Before any permit is issued, the applicant for such permit shall deposit with the city treasurer a sum set by resolution of the City Council for all paving, curb or sidewalk to be cut. Such sum shall be set on a per square foot cost of construction basis. The deposit shall be retained by the City for the purpose of replacing the paving, curb or sidewalk, in the event the work is done by the City. In the event the City elects to require the applicant to replace the paving, curb or sidewalk, the deposit shall be retained by the City until the work is completed to the satisfaction of the Public Works Director or his/her designee. In lieu of making the deposit above set forth, the applicant may, before any permit is issued, execute a bond to the City with a good and sufficient surety or sureties to be approved by the City Council, for the total cost of the improvement.

In the event that the work has not been completed by the completion date as set forth on the

PLATTSMOUTH CITY CODE
CHAPTER 6 – PUBLIC WAYS & PROPERTY

approved application the City may cancel the permit, if work has not commenced, complete the work and retain a sufficient sum of the deposit to reimburse the City for such completion work or serve notice on the applicant's bonding company of such failure to complete the work and if necessary file legal action on applicant's bond.

No person shall drive over or upon or go upon any paving or other public work in any of the streets, alleys or public grounds of the City while the same is protected by any barrier, fence or railing, or until such barrier, fence or railing has been removed by the contractors in charge of such work, or by the duly authorized officials of the City.

- E. *Permit Conditions.* All permits to occupy the right-of-way issued under this Article are issued subject to the following conditions, and each applicant agrees, by accepting such permit, to be bound by the same:
1. All facilities shall be constructed, operated, maintained, repaired, removed, modified, and restored in strict compliance with all current applicable technical, safety, and safety-related codes adopted by the City, the State of Nebraska, or the federal government. The applicant shall, at its sole cost and expense, inspect, keep, and maintain its facilities in the right-of-way in safe condition, in good order and repair, and as otherwise according to best industry practices.
 2. The applicant shall, at its sole cost and expense, promptly restore the right-of-way to its original condition after it completes work related to the facilities. The City may require an applicant to repair all damage to a right-of-way directly caused by the activities of the applicant in the right-of-way and return the right-of-way to equal or better condition to that before the damage occurred. If the applicant fails to make the repairs that are reasonably required by the City within 14 days after written notice, the City may undertake such repairs and charge the applicant the cost of such repairs. The City shall grant an extension of up to 10 days to complete such repairs if the applicant requests such extension within the original 14-day period. In the event of immediate threat to life or safety or to prevent serious injury, the City may immediately undertake to restore the site and then notify of and charge the applicant for all restoration costs.
 3. The applicant assumes the risk of any loss, damage to, or loss of use of facilities which are damaged, destroyed, or taken out of service for any reason, except to the extent such loss or damage is due to or caused by the negligent or willful misconduct of the City.
 4. The applicant shall undertake only the activities enumerated in its permit to occupy the right-of-way and such permit shall not create a property right or grant authority to the applicant to infringe upon the rights of others who may own or have other interests in a right-of-way, utility easement, or other privately owned property. Except as otherwise provided in this Code or applicable state or federal law, any additions or changes to the facilities or activities enumerated in applicant's existing permit shall require a new permit.
 5. Neither the applicant nor its facilities shall interfere with any traffic-control devices and other public works equipment; water, wastewater, stormwater, gas, electrical, or other public utility infrastructure; or the facilities of any other occupant of the right-of-way permitted hereunder.
 6. The City shall have the right at any time when in its judgement it becomes necessary or advisable to require a change of location of the facilities as a matter of safety, or on

PLATTSMOUTH CITY CODE
CHAPTER 6 – PUBLIC WAYS & PROPERTY

account of a change of grade, resurfacing, repair, or reconstruction of any right-of-way. If the owner of such facilities has not moved or relocated the facilities within 30 days after the City requests the same in writing, the City may undertake such movement or relocation and charge the owner the costs of the same.

7. The City retains the right and privilege to cut or move any facilities, as the City may determine, in its sole discretion, to be necessary, appropriate, or useful in response to any public emergency. If circumstances permit, the City shall notify the applicant and provide an opportunity for applicant to move its own facilities prior to cutting or removing the facilities. In all cases, the City shall notify the applicant after cutting or removing the facilities as promptly as reasonably possible.
8. The applicant shall immediately notify the City in the event of an emergency regarding the applicant's facilities that may affect public health or safety, and such notice shall include, at a minimum, the nature of the emergency and the applicant's planned response to the emergency.
9. The applicant shall comply with the Nebraska One Call Notification Act before commencing any excavation or similar work in the right-of-way.
10. The applicant acknowledges that applications and all supporting written material applicant submits to the City are public records subject to the Nebraska Public Records Law. While an applicant may designate any such public records as "proprietary" or "confidential", the City shall treat them as such only to the extent expressly permitted by the Nebraska Public Records Law and, other than the cost of the City's routine response to public records requests, the City shall be under no obligation to incur any costs to protect the same from disclosure.
11. Prior to commencement, and at all times during, any work performed by or on behalf of applicant in the right-of-way, the applicant shall maintain a performance or construction bond, in form acceptable to the City, equal to at least 100% of the estimated cost of the facilities and related work covered by the application.
12. During the term of any permit to occupy the right-of-way issued hereunder, the applicant shall maintain comprehensive general liability, automobile, workers compensation, employer's liability, and umbrella insurance in form and amount consistent with the City's published requirements for the same. All such insurance policies shall include the City and its agents as additional insureds and shall not be modified or cancelled without 30 days prior written notice being given to the City.
13. The applicant shall defend, indemnify, and hold harmless the City, its agents, officers, officials and employees from any and all damages, liabilities, injuries, losses, attorneys' fees, costs, and expenses, whether for personal injury, death, or property damage, arising out of or in any way related to the activities or performance of the applicant or its agents, except to the extent caused by the negligence or willful misconduct of the City. In the event the City becomes aware of any actions or claims,

PLATTSMOUTH CITY CODE
CHAPTER 6 – PUBLIC WAYS & PROPERTY

the City shall promptly notify the applicant and reasonably cooperate in the defense. It is expressly agreed that the City shall have the right to approve, which approval shall not be unreasonably withheld, the legal counsel providing the City's defense, and the applicant shall reimburse the City for any costs, expenses, and attorneys' fees directly and necessarily incurred by the City in the course of the defense.

14. Any facilities that are not operated for a continuous period of 90 days after completion of initial installation, excluding nonoperation due to a natural disaster or other unforeseeable circumstance or temporary equipment failure, shall be considered abandoned. If facilities are abandoned, the owner shall remove such facility, at such owner's cost, no later than 30 days after notice from the City. If the owner fails to remove such facilities within 30 days, the City may undertake the removal of the facilities and charge the owner the costs of such removal. If the facilities are located on a utility pole, the pole shall also be removed unless such pole is otherwise being used by another utility or is owned by a party other than the owner of the removed facilities.

15. In addition to all other remedies available to the City under this Code or other applicable law, the City may revoke an applicant's permit to occupy the right-of-way if the applicant fails to comply with any of the conditions set forth in this Article, and upon such revocation, may direct applicant, at applicant's cost, to remove applicant's facilities from the right-of-way and restore the right-of-way to its original condition. If the applicant fails to remove its facilities and restore the right-of-way within 30 days after the City's written request, the City may cause such work to be done and applicant shall reimburse the City for the costs of such work upon City's written demand for the same.

All facilities placed in the City's rights-of-way pursuant to this Article shall comply with these standards; provided, the City Administrator may authorize the waiver of, partial relief from, or exemption from, any one or more of these standards pursuant to Section 6-507.

SECTION 6-507 RELIEF

Any applicant desiring relief from, the waiver of, or exemption from, any aspect or requirement of this Article, may submit a written request for such relief, waiver, or exemption to the Public Works Director. Such relief may be temporary or permanent, partial or complete. However, the burden of proving the need for the requested relief, waiver, or exemption shall be solely on the applicant. No such relief, waiver, or exemption shall be approved unless the applicant demonstrates by clear and convincing evidence that, if granted, the relief, waiver, or exemption will have no significant effect on the health, safety, or welfare of the City, its residents, or other right-of-way users. The City shall be entitled to an extension of any applicable processing timelines as needed to address such request. The Public Works Director shall present the request for any such relief, waiver, or exemption, along with the application and other relevant material, to the City Administrator, and the City Administrator's recommendation regarding such request relief, waiver, or exemption shall be final.

SECTION 6-602 PURPOSE AND SCOPE

This Article supplements the generally applicable right-of-way permitting provisions in Article 5 of this Chapter with specific provisions for the placement, permitting, and use of small wireless facilities in the City’s rights-of-way. In the event of a conflict between Article 5 and this Article, this Article shall control. This Article is intended to comply with the Small Wireless Facilities Deployment Act as adopted by the 106th Nebraska Legislature First Session, referred to in this Article as the “Act”. Nothing in this Chapter shall restrict any authority of the City as provided in the Act.

A. *Applicability of this Article.* No person shall site, place, construct, operate, maintain, repair, remove, modify, or prepare any small wireless facility, any wireless support structure, any utility pole built or modified solely to accommodate a small wireless facility, or any other structure built solely to support a wireless facility, in the City’s rights-of-way, without first having received a permit from the City to occupy right-of-way pursuant to Section 6-603. Any small wireless facility, wireless support structure, or any utility pole or other structure built or modified solely to support a wireless facility, which is located outside the City’s rights-of-way, is not subject to this Article; however, such facilities and structures are subject to the City’s Zoning Ordinance.

B. *Exceptions and Limitations.*

1. Notwithstanding subsection (A) above, the City shall not require an application, permit, or other approval or charge fees or rates for (a) routine maintenance of small wireless facilities; (b) replacement of small wireless facilities with small wireless facilities that are substantially similar in weight or windage or the same size or smaller; or (c) the installation, placement, maintenance, operation, or replacement of micro wireless facilities that are strung on cables between existing utility poles in compliance with the National Electrical Safety Code; provided, in all such cases, the City may require a permit to occupy the right-of-way for work that exceeds the original weight or windage or that requires excavation or closing of sidewalks or vehicular lanes within the right-of-way for such activities.
2. Nothing in this Article shall be construed (a) to allow any entity to provide communications services without complying with all laws applicable to such providers or (b) to authorize collocation, installation, placement, maintenance, or operation of any communications facility, including a wireline backhaul facility, other than a small wireless facility or a utility pole, in a right-of-way.
3. To the extent the Act precludes municipalities from exercising zoning authority over small wireless facilities located in the right-of-way, the City’s Zoning Ordinance shall not apply to small wireless facilities located with its rights-of-way.

6-603 PERMITS TO OCCUPY THE RIGHT-OF-WAY

A. Application for Permits.

1. Applications for permits to occupy the right-of-way are available from the City Clerk. Completed applications shall be submitted to the City's Public Works Director. In addition to the information required by Section 6-503(B), applicants shall submit the following information with each completed application:
 - (a) an attestation that the small wireless facilities covered by the application will be operational for use by a wireless services provider within nine months after the later of the completion of all make-ready work or the permit issuance date unless a delay is caused by lack of commercial power or communications transport facilities to the site;
 - (b) an attestation that each proposed small wireless facility satisfies each of the aesthetic and design standards set forth in Section 6-605, except for such standards, if any, for which applicant is concurrently submitting a request for relief under Section 6-607; and
 - (c) for any small wireless facility located on (i) utility poles owned, operated, or managed by a public power supplier, a copy of the negotiated pole attachment agreement between the applicant and such public power supplier or (ii) utility poles or wireless support structures owned, operated, or managed by a person other than the City or a public power supplier, a copy of the authorization of such person consenting the application; and
 - (d) a full description of any make-ready work to be performed by the City in preparation of the proposed installation and use of a small wireless facility.
 - (e) all permit fees required under Section 6-604.
2. An applicant may file a consolidated application for up to five individual small wireless facilities instead of filing a separate application for each such facility. An applicant shall submit the information required under Section 6-503(B)(1) for each small wireless facility covered by a consolidated application; otherwise, the applicant may submit a single set of documents that apply to all of the small wireless facilities covered by such a consolidated application. Each small wireless facility within a consolidated application shall be subject to individual review; provided, that a decision regarding all small wireless facilities shall be rendered in a single determination by the Public Works Director and provided further that the denial of one or more small wireless facilities in

PLATTSMOUTH CITY CODE
CHAPTER 6 – PUBLIC WAYS & PROPERTY

a consolidated application shall not delay processing of any other small wireless facilities in the same application or be a basis upon which to deny the consolidated application as a whole.

B. Review of Permits.

1. Within 20 days after receiving an application, the Public Works Director shall determine and notify the applicant in writing whether the application is complete. If an application is incomplete, the City will specifically identify the missing information in writing. The 90-day processing deadline set forth in subsection (B)(2) below shall restart upon the first finding of incompleteness. The applicant may resubmit the completed application within 30 days without additional charge. Subsequent findings of incompleteness shall toll the 90-day processing deadline, and any subsequent review shall be limited to the specifically identified information subsequently completed. If the applicant makes any material changes in a resubmission, other than the material changes required by the City, the applicant shall be required to make a new application and submit a new application fee. Subsequent findings of incompleteness will toll the deadline from the time the City sends notice of the incompleteness to the time the applicant provides the missing information. The application processing deadline also may be tolled as needed to accommodate processing and review of any request for relief submitted by applicant pursuant to Section 6-607 or otherwise by agreement between the City and the applicant.
2. The City will process an application no later than 90 days after receiving it. Subject to the tolling under subsection (B)(1) above, the application shall be deemed approved if the City fails to approve or deny the application within 90 days after receipt of the same. The City may extend the 90-day application processing deadline for a period of 10 business days if the City notifies the applicant in advance before the day on which approval or denial is originally due.
3. The City may propose technically feasible alternative utility pole locations; provided, the City shall not require the placement of small wireless facilities on any specific utility pole or category of poles or require multiple antenna systems on a single utility pole. The wireless provider shall cooperate with the City to address the City's reasonable proposal.
4. The term of each permit to occupy the right-of-way issued under this Article shall be set forth in the permit and shall be for a period not less than five years.

C. Make-Ready Work Required to Use City Poles.

1. The City shall provide a good faith estimate for any make-ready work necessary to enable a City pole to support the requested collocation by an applicant, including pole replacement if necessary, within 120 days after receipt of a completed application. Make-ready work, including any pole replacement, shall be completed within 90 days after written acceptance of the good faith estimate by the applicant. The City may

PLATTSMOUTH CITY CODE
CHAPTER 6 – PUBLIC WAYS & PROPERTY

require replacement of a City pole only if it determines and provides details indicating that the collocation would make the City pole structurally unsound.

2. The person owning, managing, or controlling the City pole shall not require more make-ready work than required to meet applicable codes or industry standards. The City may charge rates and fees for, and impose terms and conditions on, make-ready work to collocate on a City pole and may require applicant to reimburse the City's reasonable consultant fees or expenses; provided, such rates, fees, terms, and condition (a) shall not include costs related to known preexisting or prior damage or noncompliance; (b) shall not exceed the actual costs or amount charged to other communications service providers for reasonably similar work; and (c) are otherwise nondiscriminatory, competitively neutral, and commercially reasonable.

D. Denial of Permit Applications.

1. The City may deny an application for a proposed wireless facility if the proposed facility: (a) materially and demonstrably interferes with the safe operation of traffic control equipment or the right-of-way; (b) materially interferes with sight lines or clear zones for air or land transportation or pedestrians; (c) materially interferes with compliance with the federal Americans with Disabilities Act of 1990 or similar federal or state standards regarding pedestrian access or movement; (d) fails to comply with the spacing requirements set forth this Article; (e) fails to comply with applicable codes of general applicability which do not apply exclusively to wireless facilities; (f) fails to comply with the aesthetic and other design requirements set forth in Section 6-505 and Section 6-605; or (g) designates the location of a new utility pole within seven feet in any direction of an electrical conductor unless the wireless provider obtains the written consent of the public power supplier that owns or manages the electrical conductor.
2. The City shall document the basis for denial, including any specific provisions of this Article or other applicable law on which the denial was based, and send such documentation to the applicant on or before the date the City denies the application. The applicant may cure the deficiencies identified by the City and resubmit the application within 30 days without paying an additional application fee, and the City shall have 30 days after receiving such resubmitted application to approve or deny the same; provided, such review shall be limited to deficiencies cited in the City's denial.

E. Issuance of Permits. All permits to occupy the right-of-way issued under this Article are issued subject to the conditions set forth in Section 6-503 and, in addition thereto, the following conditions:

1. The small wireless facilities covered by the application shall be operational for use by a wireless services provider no later than one year after the later of the completion of all make-ready work or the permit issuance date; provided, upon applicant's request, the City (a) shall grant a one-time extension for up to nine months if the applicant demonstrates that the delay is caused by the lack of commercial power to

PLATTSMOUTH CITY CODE
CHAPTER 6 – PUBLIC WAYS & PROPERTY

communications transport facilities to the site and (b) may grant one or more additional extensions on such terms as mutually agreed upon by the City and applicant.

2. The City may reserve space on the City’s poles and the applicant shall cooperate with the City in any such reservation, except that the City shall first notify the applicant in writing that it is interested in reserving such pole space or sharing the trenches or bores in the area where the collocation is to occur. The applicant shall allow the City to place its infrastructure in the applicant’s trenches or bores or on the utility pole as requested by the City, except that the City shall incur the incremental costs of placing the conduit or infrastructure as requested. The City shall be responsible for maintaining its facilities in the trenches and bores and on the City’s pole.

F. *Renewal of Permits.* The City shall renew a permit issued hereunder for an equivalent duration as long as the applicant is in compliance with Article 5 of this Chapter and this Article 6.

Enacted – Ordinance No. 1967 2/3/2020

SECTION 6-604 FEES AND TAXES

A. *Applicability of Section.* The fees and taxes set forth in this Section shall apply to permits issued hereunder in lieu of the fees and taxes set forth in Section 6-504.

B. *Application Fees.* For each collocation of a small wireless facility on an existing or replacement City pole, the applicant shall pay the City the small wireless facility collocation application fee in the amount set forth in the City’s Fee Ordinance. For each installation, modification, or replacement of a utility pole and the collocation of an associate small wireless facility on such pole, the applicant shall pay the City the small wireless facility site application fee in the amount set forth in the City’s Fee Ordinance.

C. *Occupation Tax.* If applicable to applicant, the applicant shall pay the City an annual occupation tax for use of the right-of-way in the amount and manner provided in Section 5-301. If applicant is not required to pay an occupation tax under Section 5-301, applicant shall pay the City either \$250 per small wireless facility per year or a fee equal to the occupation tax charged by the City under Section 16-205.

D. *City Pole Fee.* For each City pole on which the applicant collocates a small wireless facility, the applicant shall pay, annually, the City pole fee in the amount set forth in the City’s Fee Ordinance.

Enacted – Ordinance No. 1967 2/3/2020

SECTION 6-605 AESTHETIC AND DESIGN STANDARDS

The purpose of the standards set forth in this Section is supplement the aesthetic and design standards set forth in Section 6-505. All small wireless facilities in the right-of-way shall comply with each standard set forth in Section 6-505 and those set forth in this Section; provided, the City

PLATTSMOUTH CITY CODE
CHAPTER 6 – PUBLIC WAYS & PROPERTY

Administrator may authorize the waiver of, partial relief from, or exemption from, any one or more of these standards pursuant to Section 6-607.

A. *Spacing of New Facilities.* All proposed new freestanding small wireless facilities shall be located with a recommended separation of a minimum of 250 feet from any other small wireless facility to the extent allowed by applicable law.

B. *Additional Design Rules for Pole-Mounted Facilities.* All small wireless facilities proposed to be mounted on utility poles shall conform to the following guidelines:

1. To the maximum extent technically feasible, all antennae and all of each antenna's exposed elements and shroud transitions shall be mounted at the top of the proposed pole and shall be enclosed within a single cylindrical antenna shroud which (a) color-matches the pole; (b) has a diameter no greater than 14 inches; (c) has a uniform diameter once transitioned from the pole shaft; (d) includes only visually concealed cables, wires, and other components; and (e) is no greater than 5 feet in height;
2. All components of the facility, other than those described in subsection (B)(1) above, shall be placed below grade to the maximum extent technically feasible and, when undergrounding is not technically feasible, shall be fully enclosed with a base shroud that: (a) is structurally sound to fully support the pole while maximizing equipment volume; (b) is cylindrical and is as small as technically feasible with a maximum consistent diameter of 30 inches; (c) does not exceed a height of six feet from mounting surface; (d) reasonably matches pole color and finish; and (e) is as solid as feasible to visually conceal and lock all contents and wiring; and
3. Subject to the placement and other requirements in subsections (B)(1) and (B)(2) above, any components of a freestanding facility that are attached to support poles must be mounted so that all parts are at least seven feet or higher above adjacent surface grade and the least visually intrusive as technically feasible.

C. *Height Restrictions.*

1. Any new or modified utility pole installed in a right-of-way shall not exceed the greater of (a) 5 feet in height above the tallest existing utility pole located within 500 feet of the new utility pole in the same right-of-way or (b) 50 feet above ground level.

limits in this subsection (C); provided, any facility which exceeds the height restrictions set forth in the definition of “small wireless facility” provided in Section 6-601 shall also be subject to the City’s Zoning Ordinance.

- E. *Streetlights*. If decorative poles serving as streetlights have been installed in a neighborhood, small wireless facilities shall be collocated on such poles at intersections as combination poles with streetlights, so that removal of decorative streetlights mid-block is minimized and preservation of the intended decorative aesthetics is maximized. The City may, in its discretion authorize the replacement of a decorative pole but any replacement pole shall strictly conform to the design aesthetics of the decorative pole being replaced.

Enacted – Ordinance No. 1967 2/3/2020

SECTION 6-606 INDEPENDENT TECHNICAL AND LEGAL REVIEW

3. The city may receive money by donation, bequest, or otherwise for credit to the perpetual fund to be invested as provided by ordinance or as conditioned by the donor. The income therefrom may be used for the general care, management, maintenance, improvement, beautifying, and welfare of the cemetery as the donor may designate. 4. The city treasurer shall be the custodian of such funds, and the same shall be invested by a board composed of the mayor, city treasurer, and city clerk.
5. This section does not limit the use of any money that comes to the city by donation, bequest, or otherwise that is not designated to be credited to the perpetual fund or that allows greater use for purchase or development of additional land to be used for cemetery purposes. PLATTSMOUTH CITY CODE
CHAPTER 7 – PUBLIC UTILITIES
ARTICLE I – WATER DEPARTMENT

SECTION 7-101 OPERATION AND FUNDING

The City owns and operates the City Water Department through the utilities superintendent, who shall be under the control and general supervision of the city administrator. The City Council, for the purpose of defraying the cost of the care, management and maintenance of the Water Department may each year levy a tax not exceeding the maximum limit prescribed by state law on the actual valuation of all real estate and personal property within the corporate limits that is subject to taxation. The revenue from the said tax shall be known as the Water Fund and shall remain in the custody of the city treasurer. The Council shall set the rates to be charged for services rendered by ordinance and shall file a copy of the rates in the offices of the Public Works Director and city clerk for public inspection at any reasonable time. (Ref. Neb. Rev. Stat. §16-675, 16-681, 16-684.01, 19-1305)

SECTION 7-102 DEFINITIONS

The following definitions shall be applied throughout this chapter. Where no definition is specified, the normal dictionary usage of the word shall apply.

The term "main" is hereby defined to be any pipe other than a supply or service pipe that is used for the purpose of carrying water to, and dispersing the same, in the City.

The term "supply pipe" is hereby defined to be any pipe tapped into a main and extending from there to a point at or near the lot line of the consumer's premises where the shut-off, stop box, or curb cock is located.

The term "service pipe" is hereby defined to be any pipe extending from the shut-off, stop box, or curb cock at or near the lot line to and beyond the property line of the consumer to the location on the premises where the water is to be dispersed.

The term "separate premises" shall mean more than one consumer procuring water from the same service or supply pipe. The second premises may be a separate dwelling, apartment, building or structure used in a separate business.

SECTION 7-103 CONSUMER'S APPLICATION

Every person or persons desiring connection with the city water system must make application therefor to the utilities superintendent on forms provided by him/her. Such application shall state for what purpose the water shall be used; shall be signed by the owner or authorized agent of the owner of the property to be served; and be filed in the office of the utilities superintendent.

Applicants for water service shall pay tap fees in an amount set by resolution of the City Council; provided, however, that nothing herein shall be construed to obligate the City to furnish water service to nonresidents unless it is able to do so without curtailing the demands of resident consumers or without overloading its pumps, machinery or other equipment. Water may not be

PLATTSMOUTH CITY CODE
CHAPTER 7 – PUBLIC UTILITIES

supplied to any house or private service pipe except upon the order of the utilities superintendent.

SECTION 7-104 ACCOUNT SET UP FEE

The Public Works Department shall collect an account set up fee each time a customer puts an account in their name. The fee shall be set by the City Council in the City fee ordinance.

SECTION 7-105 SERVICE TO NONRESIDENTS

The Water Department shall not supply water service to any person outside the corporate limits without special permission from the City Council; provided, the entire cost of laying mains, service pipe, and supply pipe shall be paid by the owner. Nothing herein shall be construed to obligate the City to provide water service to nonresidents. (Ref. Neb. Rev. Stat. §19-2701)

SECTION 7-106 WATER CONTRACT

The City, through its Water Department, shall furnish water to persons within its corporate limits whose premises abut a street or alley in which a commercial main now is or may hereafter be laid. The City may furnish water to persons within its corporate limits whose premises do not abut a street or alley in which a city commercial main is now or may hereafter be laid and may also furnish water to persons whose premises are situated outside the corporate limits of the City, as and when, according to law, the City Council may see fit to do so. The rules, regulations and water rates hereinafter named in this article shall be considered a part of every application hereafter made for water service and shall be considered a part of the contract between every consumer now or hereafter served. Without further formality, the making of application on the part of any applicant or the use or consumption of water by any present consumer thereof and the furnishing of water service to said consumer shall constitute a contract between the consumer and owner and the City, to which said contract both parties are bound. If the consumer or owner shall violate any of the provisions of said contract or any reasonable rules and regulations that the City Council may hereafter adopt, the Public Works Director or his/her agent may cut off or disconnect the water service from the building or premises or place of such violation until such time as the city administrator is of the opinion that water service may be resumed without violation of said rules and regulations. No further connection for water service to said building, premises or place shall again be made, save or except by order of said commissioner or his/her agent.

Contracts for water service are not transferable. Any person wishing to change from one location to another shall set up a new account, make a new application and sign a new contract. If any consumer shall move from the premises where service is furnished, or if the said premises is destroyed by fire or other casualty, he/she shall at once inform the utilities superintendent or his/her agent who shall cause the water service to be shut off at the said premises. If the consumer should fail to give such notice, he/she and owner shall be charged for all water used on the said premises until the utilities superintendent is otherwise advised of such circumstances. (Ref. Neb. Rev. Stat. §16-681)

CHAPTER 7 – PUBLIC UTILITIES

SECTION 7-107 INSTALLATION PROCEDURE

Upon the filing of the application and payment of all fees, a permit will be issued to the duly licensed plumber, agent or applicant to do the necessary work in bringing water service from the tap to the applicant's premises. All water service pipe shall be placed in the manner and at the depth as required by the International Plumbing Code. All installation shall be done under the supervision and strictly in accordance with the rules, regulations and specifications; provided that the said rules, regulations and specifications have been reviewed and approved by the City Council.

In making excavations in streets, alleys or sidewalks for the purpose of installing pipe, or making repairs, the paving, stones and earth must be removed and deposited in a manner that will occasion the least inconvenience to the public and provide for adequate drainage. No person shall leave an excavation made in the street, alley or sidewalk open at any time without a barricade, and during the night, warning lights. After service pipes are laid, the streets, alleys and sidewalks shall be restored to good condition. If the excavation in any street, alley, or sidewalk is left open or unfinished for a period of 24 hours or more, the city administrator shall have the duty to finish or correct the work, and all expenses so incurred shall be charged to the owner. (Ref. Neb. Rev. Stat. §16-232, 16-667, 16-675, 16-681)

SECTION 7-108 INSTALLATION EXPENSE

The expense of providing water service to the premises from the nearest feasible main to the place of disbursement shall be paid by the owner in the form of a tap fee paid and impact fees if applicable at the time of application for water service. In addition to the tap fee, the applicant shall be required to advance the cost of installation, pipe, stop box, and the expense of procuring the services of a plumber and other labor necessary to bring the water service to the place of disbursement. Customers shall be responsible for the costs of all materials except the meter, which is furnished by the City if it is 2" in size or smaller. Meters over 2" are the customer's responsibility to furnish. The labor to be furnished by the City shall consist only of the actual tapping of the water main. It shall be unlawful for any person, except such persons as may specifically be authorized by the utilities superintendent, to tap the commercial mains of the City or insert ferrules therein under any circumstances. (Ref. Neb. Rev. Stat. §16-681)

SECTION 7-109 METERS

All water meters shall be of a type and model specified by the Public Works Director and shall be installed in the manner specified by the Public Works Director. All meters and extensions shall be set in place by the City at the expense of the owner and shall be the property of the City; provided, consumers may surrender to the City meters heretofore purchased by them, and in consideration of such surrender the City will repair and replace said meters so surrendered at city expense.

All water meters shall be installed inside the residence, building or structure which said connection serves, or in a building or structure which is heated and approved by the City to properly prevent said meter and connection from weather and provide proper maintenance. Meters placed in

PLATTSMOUTH CITY CODE
CHAPTER 7 – PUBLIC UTILITIES

basements or inside residences and business buildings shall be equipped with the necessary device to permit the reading of such meters from the outside. On any new installation or replacement, there shall be a shutoff valve placed in the water line on each side of the meter, going into and out of said meter. The property owner shall be responsible for loss of meters and for repair and damage of meters as provided in this article. (Ref. Neb. Rev. Stat. §16-681)

SECTION 7-110 MULTIPLE METER HEADERS

Where in commercial or multifamily residential installations the rules provide that more than one meter is permitted to individually-metered tenants, a multiple meter header will be permitted, provided:

1. All meters shall meet the requirements of these Rules.
2. The header shall be constructed and installed in such a manner that the service entrance, the header piping, the meters and all valves shall be located in the same area and totally visible for inspection in a public access area.
3. Each meter shall be installed with valves on both sides to permit removal of the individual meter for repair and test purposes. In the case of a two-meter header, where one meter serves a lawn sprinkler and the other meter serves the other houses purposes, the master header valve may serve as the upstream valve on the house meter. The valves going into the meter must be lockable.
4. The meters are not submeters.
5. Each meter will be independently read and billed by the City for water consumed.
6. The header and meters shall be located in a common use area readily accessible to meter readers and maintenance personnel. Such area shall be accessible from the exterior of the building without going through residential or commercial space within the building.
7. The headers are properly constructed with materials compatible with the water service pipe approved by the City.
8. Adequate provisions are made to handle drainage from the system or where any meter larger than 1 1/2 inches is required to handle water flow from the test tee during meter tests.
9. In addition to the shut-off valves at the meters, a single separate valve shall be located immediately ahead of the header.

SECTION 7-111 REPAIRS AND MAINTENANCE

If any leak or break in any water pipe shall occur, the utilities superintendent shall forthwith shut off water to said premises until said leak or break is repaired by the consumer; provided, such repairs or replacements shall be done by licensed plumbers or agents of the consumers under the

PLATTSMOUTH CITY CODE
CHAPTER 7 – PUBLIC UTILITIES

supervision of the utilities superintendent. All supply or service pipe when leaking or out of condition shall be replaced or repaired by the plumber. He/she shall warranty the work for a period of 12 months from and after construction is completed and the work accepted and approved by the utilities superintendent. After the maintenance period shall have expired, all replacements and repairs to supply or service pipes or any attachment thereto shall be made as in the case of leaks or breaks as provided hereinbefore. Should any consumer fail, neglect or refuse to take steps to replace his/her water pipe, after notification in writing by the utilities superintendent to do so forthwith, such pipe may be cut off at the curb cock or shut-off until said pipe is satisfactorily repaired or until new pipe is installed.

If the owner permits or allows a water meter to be damaged, injured or destroyed through his/her own recklessness, carelessness or neglect so that the meter must be repaired or replaced, the utilities superintendent shall bill and collect from the owner the cost of such meter repair or replacement in the same manner as water rent is collected, including disconnection if necessary. Permitting a water meter not surrendered to the City to be damaged or destroyed by freezing shall always be considered negligence on the part of the customer; provided, the City shall keep in repair all water meters belonging to it at city expense. The City shall have the exclusive power to repair and test all meters. All repairs and tests of water meters belonging to or surrendered to the City shall be made at the expense of the City. If any water meter in service belonging to or surrendered to the City is beyond repair, worn out and unfit for further use by reason of natural wear and tear, the same shall be replaced at the expense of the City. The meter so replaced shall at all times thereafter be and remain property of the City. All meters shall be tested at the customer's request at the expense of the customer any reasonable number of times; provided that if the test shows the water meter to be running 2% or more fast, the expense of such test shall be borne by the City. The City reserves the right to test any water service meter at any time. Any water meter belonging to the consumer and not surrendered to the City shall, when necessary, be repaired, replaced or tested by the City at the expense of the consumer or owner, who shall be billed for and shall pay for the same in the same manner as water rent, regardless of whether or not the consumer orders or requests the City to repair, replace or test said meter. (Ref. Neb. Rev. Stat. §16-681)

SECTION 7-112 METERS; INABILITY TO REPAIR

In the event it is impossible to read the meter or the meter is not working accurately, as the case may be, it shall be considered that the amount of water used shall be the amount used during the corresponding period during the preceding year, if a meter was in operation on said premises during that period and water was used for substantially the same purposes during that period of the preceding year. If the purposes for which water was used during said period and the period in question were not substantially the same, the utilities superintendent shall make such charge as he/she deems reasonable, subject to the right of the consumer to file a claim for a refund with the City Council after paying said charge.

SECTION 7-113 FEES AND COLLECTIONS

Water charges shall commence when both a plumbing permit and a tapping permit have been issued for a new residence, commercial building or other structure. Water service meter readings shall be computed by the utilities superintendent under the direction of the city administrator.

PLATTSMOUTH CITY CODE
CHAPTER 7 – PUBLIC UTILITIES

Residential consumers shall be billed every other month and commercial consumers shall be billed every month. The utilities superintendent shall bill the consumers and collect all money received by the City on the account of the water department. He/she shall faithfully account for and pay to the city treasurer all revenue collected by him/her, taking his/her receipt therefor in duplicate, filing one with the city clerk and keeping the other on file in the water department's official records. All bills shall be immediately due upon receipt. If the consumer shall neglect or refuse to pay his/her bill on or before the 15th day of the month when due, it shall be considered delinquent and shall result in a late fee set forth in the City's fee ordinance if the consumer's water service has been discontinued pursuant to the City's procedure.

SECTION 7-114 MINIMUM RATES

It shall be the duty of the City Council to set a tariff of rates based on monthly consumption for each consumer of water service. A schedule of said rates shall be on file at the offices of the utilities superintendent and city clerk; provided that, in the judgment of the city administrator, where special conditions exist to the extent that the application of the service charges as specified herein would be inequitable and unfair to the City, the city administrator shall recommend to the City Council a special rate applying to such consumers. Such special rates, when adopted by the City, shall apply to all consumers using the sanitary facilities of the City under like circumstances. All water customers shall be liable for the rate provided by ordinance unless and until the consumer shall, by written order, direct the Public Works Director to shut off the water at the stop box, in which case he/she shall not be liable thereafter for water rates until the water is turned on again. Deductions from the monthly minimum rate as aforesaid shall be allowed for the time that service has been discontinued only when such service has been discontinued after notice to the city administrator. No deduction shall be made for the time that any service remains out of use. A flat rate shall not be quoted nor allowed. All water sold shall be measured and disposed of to consumers at the metered rates set forth. No water shall be furnished to any consumer under any other rate than is provided by this section, except to consumers using water service on premises outside the corporate limits, in which case the water service shall be furnished to the consumer at such rates as the City Council may uniformly fix. (Ref. Neb. Rev. Stat. §16-681, 16-682)

SECTION 7-115 LIEN

In addition to all other remedies, including contracting with a collection agency, if a customer shall for any reason remain indebted to the City for water service furnished, such amount due, together with any rents and charges in arrears, may be considered a delinquent water rent which City Council may declare to be a lien upon the real estate for which the same was used. If a lien is to be filed against the real estate, the utilities superintendent shall notify in writing or cause to be notified in writing, all owners of premises or their agents whenever their tenants or lessees are 60 days or more delinquent in the payment of water rent. It shall be the duty of the city administrator to report to the City Council a list of all such unpaid accounts due for water together with a description of the premises upon which the same was used. Prior to the filing of any lien, a report shall be examined, and if approved by the City Council, shall be certified by the city clerk to the county treasurer to be collected as a special tax in the manner provided by law. (Ref. Neb. Rev. Stat. §16-682)

Amended – Ordinance No. 1873 2/3/2014

PLATTSMOUTH CITY CODE
CHAPTER 7 – PUBLIC UTILITIES

SECTION 7-116 SINGLE PREMISES

No consumer shall supply water to other families, or allow them to take water from his/her premises. After water is supplied into a building, no person shall make or employ a plumber or other person to make a tap or connection with the pipe upon the premises for alteration, extension or attachment without the written permission of the city administrator or utilities superintendent. It shall further be unlawful for any person to tamper with any water meter or by means of any contrivance or device to divert the water from the service pipe so that the water will not pass through the meter or, while passing through said meter, to cause it to register inaccurately. (Ref. Neb. Rev. Stat. §16-681)

SECTION 7-117 RESTRICTED USE; LIABILITY OF CITY

The City Council or the utilities superintendent may order a reduction in the use of water or shut off the water on any premises in the event of a water shortage due to fire or other good and sufficient cause. The City shall not be liable for any damages caused by shutting off the supply of water of any consumer while the system or any part thereof is undergoing repairs or when there is a shortage of water due to circumstances over which the City has no control. (Ref. Neb. Rev. Stat. §16-681)

SECTION 7-118 FIRE HYDRANTS

All hydrants for the purpose of extinguishing fires are hereby declared to be public hydrants, and it shall be unlawful for any person other than members of the City Fire Department under the orders of the fire chief or the assistant fire chief, or members of the Water Department, to open or attempt to open any of the hydrants and draw water from the same, or in any manner to interfere with the hydrants without permission of the city administrator. (Ref. Neb. Rev. Stat. §16-681)

SECTION 7-119 MANDATORY HOOKUP

All persons with 300 feet of a water main shall be required, upon notice by the city administrator, to hook up with the city water system. (Ref. Neb. Rev. Stat. §16-667.03, 16-681)

SECTION 7-120 PROHIBITION OF LEAD PIPES, SOLDER AND FLUX

Any pipe, solders or flux used in the installation or repair of any residential or non-residential facility which is connected to the public water supply system shall be lead free.

For purposes of this section, lead free shall mean:

1. Solders and flux - not more than two-tenths (.2%) percent lead, and
2. Pipe and pipe fittings - not more than eight (8%) percent lead.

PLATTSMOUTH CITY CODE
CHAPTER 7 – PUBLIC UTILITIES

SECTION 7-121 INSPECTION

The utilities superintendent or his/her duly authorized agent(s) shall have free access and entry at any reasonable time to all parts of each premises and building to, or in which, water is delivered for the purposes of examining the pipes, fixtures and other portions of the system to ascertain whether there is any disrepair or unnecessary waste of water or to make any repairs or adjustments as necessary. (Ref. Neb. Rev. Stat. §16-681)

SECTION 7-122 POLICE REPORTS

It shall be the duty of the city police to report to the city administrator or utilities superintendent all cases of leakage and waste in the use of water and all violations of the Municipal Code relating to the Water Department. They shall have the additional duty of enforcing the observance of all such regulations.

SECTION 7-123 DESTRUCTION OF PROPERTY

It shall be unlawful for any person to willfully or carelessly break, injure or deface any building, machinery, apparatus, fixture, attachment, or appurtenance of the Water Department. No person may deposit anything in a stop box or commit any act tending to obstruct or impair the intended use of any of the above-mentioned property without the written permission of the city administrator or utilities superintendent.

SECTION 7-124 DISCONTINUANCE OF SERVICE, NOTICE PROCEDURE

1. The City shall have the right to discontinue utility services and remove its properties if the charges for such services are not paid within ten days after the date that the charges become delinquent. Before any termination, the City shall first give notice by first class mail, which shall be conspicuously marked as to its importance. Service shall not be discontinued for at least seven days, weekends and holidays excluded, after notice is sent or given. As to any subscriber who previously has been identified to the City by the Department of Health and Human Services as a welfare recipient, notice of such proposed termination shall be given to the Department of Health and Human Services by certified mail.
2. The notice shall contain the following information:
 - (a) The reason for the proposed disconnection;
 - (b) A statement of the intention to disconnect unless the domestic subscriber either pays the bill or reaches an agreement with the City regarding payment of the bill;
 - (c) The date upon which service will be disconnected if the domestic subscriber does not take appropriate action;
 - (d) The name, address and telephone number of the employee or department to

PLATTSMOUTH CITY CODE
CHAPTER 7 – PUBLIC UTILITIES

whom the domestic subscriber may address an inquiry or complaint;

(e) The domestic subscriber's right, prior to the disconnection date, to request a conference regarding any dispute over such proposed disconnection;

(f) A statement that the City may not discontinue service pending the conclusion of the conference;

(g) A statement to the effect that the disconnection may be postponed or prevented upon presentation of a duly licensed physician's certificate certifying that the domestic subscriber or a resident within such subscriber's household has an existing illness or handicap which would cause such subscriber or resident to suffer an immediate and serious health hazard upon the disconnection of the City's service to that household. Such certificate shall be filed with the City within five days of receiving notice under this section and will prevent the disconnection of service for a period of 30 days from each such filing. Only one postponement of disconnection shall be allowed under this subsection for each incidence of nonpayment of any past-due account;

(h) The cost that will be borne by the domestic subscriber for restoration of service;

(i) A statement that the domestic subscriber may arrange with the City for an installment payment plan;

(j) A statement to the effect that those domestic subscribers who are welfare recipients may qualify for assistance in paying their utility bill and that they should contact their caseworker in that regard; and

(k) Any additional information not inconsistent with this section which has received prior approval from the City Council.

3. A domestic subscriber may dispute the proposed discontinuance of service by notifying the City with a written statement that sets forth the reasons for the dispute and the relief requested. If a statement has been made by the subscriber, a conference shall be held before the City may discontinue service.
4. The procedures adopted by the City Council for resolving utility bills, three copies of which are on file in the office of the city clerk, are hereby incorporated by reference in addition to any amendments thereto and are made a part of this section as though set out in full.
5. This section shall not apply to any disconnections or interruptions made necessary by the City for reasons of repair or maintenance or to protect the health or safety of the domestic subscriber or of the general public. (Ref. Neb. Rev. Stat. §16-681, 16-682)

PLATTSMOUTH CITY CODE
CHAPTER 7 – PUBLIC UTILITIES

SECTION 7-125 DIVERSION OF SERVICES, METER TAMPERING, UNAUTHORIZED RE-CONNECTION, PROHIBITED; EVIDENCE

1. Any person who connects any pipe or conduit supplying water, without the knowledge and consent of the City, in such manner that any portion thereof may be supplied to any instrument by or at which water may be consumed without passing through the meter provided for measuring or registering the amount or quantity passing through it, and any person who knowingly uses or knowingly permits the use of water obtained in the above-mentioned unauthorized ways, shall be deemed guilty of an offense.
2. Any person who willfully injures, alters, or by any instrument, device or contrivance in any manner interferes with or obstructs the action or operation of any meter made or provided for measuring or registering the amount or quantity of water passing through it without the knowledge and consent of the City, shall be deemed guilty of an offense.
3. When water service has been disconnected pursuant to Section 7-123 of this Code, any person who reconnects such service without the knowledge and consent of the City shall be deemed guilty of a misdemeanor.
4. Proof of the existence of any pipe or conduit connection or reconnection or of any injury, alteration or obstruction of a meter, as provided in this section, shall be taken as prima facie evidence of the guilt of the person in possession of the premises where such connection, reconnection, injury, alteration, or obstruction is proved to exist. (Ref. Neb. Rev. Stat. §86-329 through 86-331)

SECTION 7-126 BACKFLOW/BACKSIPHONAGE PREVENTION; POLICY AND PURPOSE

1. The purpose of these backflow regulations is:
 - a. To protect the public potable water supply system of the City from the possibility of contamination or pollution within the consumer's internal distribution system or from private water system contaminants or pollutants which could backflow through the service connection into the public potable water supply system.
 - b. To promote the elimination, containment, isolation or control of existing cross-connections, actual or potential, between the public or consumer's potable water systems and nonpotable water systems, plumbing fixtures and industrial process systems.
 - c. To provide for the maintenance of a continuing program of cross-connection control which will systematically and effectively prevent the contamination or pollution of all potable water systems.
2. Application: These backflow/backsiphonage prevention regulations shall apply to all premises

PLATTSMOUTH CITY CODE
CHAPTER 7 – PUBLIC UTILITIES

served by the public potable water system of the City.

3. Policy: These backflow/backsiphonage prevention regulations will be reasonably interpreted. It is the City's intent to recognize the varying degrees of hazard and to apply the principle that the degree of protection shall be commensurate with the degree of hazard.

The City Water Department shall be primarily responsible for protection of the public potable water distribution system from contamination or pollution due to backflow or contaminants or pollutants through the water service connection. The cooperation of all consumers is required to implement and maintain the program to control cross-connections. The consumer is responsible for preventing contamination of the water system within his/her own premises.

If, in the judgment of either the Water Department or Health Department, cross-connection is required through either piping modification or installation of an approved backflow prevention device, 30 days' notice shall be given to the consumer. The failure, refusal or inability on the part of the consumer to provide the requested protection within 30 days shall make the consumer subject to discontinuance of water service at the discretion of the Water Department, according to the degree of hazard, without further notice.

SECTION 7-127 BACKFLOW/BACKSIPHONAGE PREVENTION; DEFINITIONS

For the purposes of this article, the following definitions shall apply:

"Air gap separation" shall mean the unobstructed vertical distance through the free atmosphere between the lowest opening from any pipe or faucet supplying water to a tank, plumbing fixture, or other device and the overflow level rim of the receptacle.

"Auxiliary water system" means any water source system that may be available to the building or premises, other than the public water supply.

"Backflow" means the flow other than the intended direction of flow of any foreign liquids, gases or substances into the water distribution system.

"Backflow prevention device" means any device, method or type of construction intended to prevent backflow into a potable water system; provided, backflow preventers have been tested and approved by a reputable testing laboratory.

"Consumer" means the owner or person in control of any premises supplied by or in any manner connected to a public water supply system.

"Containment" means protection of the public water supply by installing a cross-connection control device or air gap separation on the main service line to a facility, or as an installation within equipment handling potentially hazardous materials.

**SECTION 7-130 BACKFLOW/BACKSIPHONAGE PREVENTION; WHERE
PROTECTION IS REQUIRED**

1. An approved backflow prevention device shall be installed between the service connection and the point of potential backflow into a consumer's water supply system when, in the judgment of the superintendent, a health, plumbing, pollution or system hazard exists. The type and degree of protection required shall be commensurate with the degree of hazard.

2. An approved air gap separation or backflow prevention device shall be installed at the service connection or within any premises where, in the judgment of the Water Department, the nature and extent of activities on the premises, or the materials used in connection with the activities, or materials stored on the premises, would present an immediate and dangerous hazard to health should a cross-connection occur, even though such cross-connection may not exist at the time the backflow prevention device is required to be installed. This includes, but is not limited to, the following:
 3. Premises having an auxiliary water supply, unless the quality of the auxiliary supply is acceptable to the Water Department and the Nebraska Department of Health.
 4. Premises having internal cross-connections which are not correctable, or intricate plumbing arrangements which make it impractical to determine whether or not cross-connections exist.

2. Generate adequate revenues to pay the costs of OM&R;
3. Apply excess revenues collected from a class of users to the costs of OM&R attributable to that class for the next year and adjust the rates accordingly.

The revenue from the user charge system based on actual use shall be known as the Sewer Maintenance Fund, and such revenue shall be used only for the purpose of paying the reasonable expenses of the operation and maintenance of the sanitary sewage system for the purpose of extending and improving the sanitary sewage system and for the purpose of creating reserves for any of the aforesaid purposes. The utilities superintendent shall have the direct management and control of the Sewer Department and shall faithfully carry out the duties of his/her office. He/she shall have the authority to adopt rules and regulations for the sanitary and efficient management of the department subject to the supervision and review of the City Council. (Ref. Neb. Rev. Such certificate shall be filed with the City within five days of receiving notice under this section and will prevent the disconnection of the City's service for a period of 30 days from such filing. Only one postponement of disconnection shall be allowed under this subsection for each incidence of nonpayment of any due account;
8. The cost that will be borne by the domestic subscriber for restoration of service;
9. A statement that the domestic subscriber may arrange with the City for an installment payment plan;

11. Any additional information not inconsistent with this section which has received prior approval from the City Council.

A domestic subscriber may dispute the proposed discontinuance of service by notifying the utility with a written statement that sets forth the reasons for the dispute and the relief requested. If a statement has been made by the subscriber, a conference shall be held before the utility may discontinue service.

The procedures adopted by the City Council for resolving utility bills, three copies of which are on file in the office of the city clerk, are hereby incorporated by reference in addition to any amendments thereto and are made a part hereof as though set out in full.

PLATTSMOUTH CITY CODE
CHAPTER 7 – PUBLIC UTILITIES

SECTION 7-208 LIEN

In addition to all other remedies, if a customer shall for any reason remain indebted to the City for sewer service furnished, such amount due, together with any rents and charges in arrears, shall be considered a delinquent sewer rent which is hereby declared to be a lien upon the real estate for which the same was used. The utilities superintendent shall notify in writing, or cause to be notified in writing, all owners of premises or their agents whenever their tenants or lessees are 30 days or more delinquent in the payment of sewer rent. It shall be the duty of the utilities superintendent to report to the City Council a list of all unpaid accounts due for sewer together with a description of the premises upon which the same was used. The report shall be examined, and if approved by the City Council, shall be certified by the city clerk to the county clerk to be collected as a special tax in the manner provided by law.

SECTION 7-209 CLASSIFICATION

The City Council may classify the customers of the Sewer Department for the purpose of rental fees; provided that such classifications are reasonable and do not discriminate unlawfully against any consumer or group of consumers. The contractor will, at all times until its completion and final acceptance, protect his/her work, apparatus and material from accidental or other damage, and shall make good any damages thus occurring at his/her own expense.

SECTION 7-216 BUILDING SEWER CONSTRUCTION; ACCESS AND DRAINAGE

The contractor shall keep unobstructed a sufficient area around fire hydrants to permit their full and effective use in case of fire. He/she shall keep natural drainage and watercourses unobstructed or provide equal courses effectively placed. The contractor shall be held liable if negligent.

SECTION 7-217 BUILDING SEWER CONSTRUCTION; PROTECTION OF PROPERTY

The contractor shall, at his/her expense, by the use of false work, braces, shoring or other effective means, protect against damage all buildings, walls, fences and other property along his/her line of work affected directly by such work and shall repair or repay the injured owners for such damage.

The contractor shall give notice in writing at least 48 hours before breaking ground to all persons, superintendents, inspectors, or those otherwise in charge of property, streets, water pipes, sanitary sewer pipes or otherwise that may be affected by their operation, in order that they may remove any obstructions for which they are responsible or may have a representative on the ground to see that their property is properly protected.

SECTION 7-218 BUILDING SEWER CONSTRUCTION; GUARANTEE

The contractor shall furnish a maintenance bond, subject to the City's approval, guaranteeing to keep all work constructed under his/her contract in good repair for a period of two years from the date of final acceptance. Good repair shall be construed to mean that any functional or structural deterioration, except that from ordinary and reasonable use, which appreciably reduces the effectiveness of the improvement for the purpose intended or any serious departure from the standards of original construction shall be remedied.

If, in the opinion of the City, such deterioration takes place, it shall so notify the contractor by registered letter to the address given in the contractor's proposal, and a copy of such notice will be sent to the bonding company, which notice is mutually agreed to be sufficient and adequate. If the contractor shall not proceed to remedy such defects as are called to his/her attention in the notice within ten days, the City shall cause the repairs to be made as it deems best, and the entire cost thereof shall be paid by the contractor or his/her sureties.

SECTION 7-219 BUILDING SEWER CONSTRUCTION; EXCAVATION AND BACKFILL

Trenching shall be in open cut except with the written permission of the engineer. Permission for tunnel work may be given for crossing under crosswalks, house driveways or service pipes when such tunnels will not exceed ten feet in length. The length of trench to be opened at one time may be limited when, in the opinion of the engineer, such limitation is necessary. The amount of open or unfilled trench shall not exceed 1,000 feet unless ordered by the engineer, and failure to comply with this requirement shall be cause for shutdown of the entire job until such backfilling is accomplished. Trenches shall be only of sufficient width to provide a free working space on each side of the pipe of not less than four inches nor more than the outside diameter of the pipe bells, plus 24 inches.

Trenches shall be kept free from water until the material in the joints has hardened. Trenches shall be sheeted and braced as necessary. Such sheeting shall not be removed until backfilling has progressed to such stage that no damage to pipelines or structures will result from its removal.

At street crossings, sidewalks and other points where the engineer deems it necessary, the trenches shall be bridged in a secure manner so as to prevent serious interruption of travel and to afford access to public and private premises. Such bridges shall be approved by the engineer.

PLATTSMOUTH CITY CODE
CHAPTER 7 – PUBLIC UTILITIES

Backfilling of trenches shall be done in accordance with rules and regulations set by the utilities superintendent.

SECTION 7-220 BUILDING SEWER CONSTRUCTION; PREPARATION OF FOUNDATION FOR PIPE LAYING

When the excavation is in firm earth, care should be taken to avoid the removal of material below the established grade. If the foundation is in rock, the excavation shall be carried to an elevation which will provide for a bedding course not less than 12 inches thick below the body of the pipe. This bedding course shall be suitable earth or sand, free from rocks, roots, sod or vegetable matter and shall be firmly tamped in place before shaping the bed to fit the pipe. Before pipes are placed, the bottom of the trench shall be shaped to give full support to the lower one-fourth of the pipe circumference. Adequate bell holes shall be made at each joint. Where the excavation is in unstable earth or muck, the contractor shall provide the necessary materials for stabilization so the pipe will be laid on a firm foundation. If the foundation is in unstable soil, the excavation shall be carried to a depth which will allow the placement of a six-inch thick layer of crashed limestone as subgrade stabilization.

SECTION 7-221 BUILDING SEWER CONSTRUCTION; CONSTRUCTION CODES

The size, slope, alignment and materials of constructing a building sewer and the methods to be used in excavating, placing the pipe, jointing, testing and backfilling the trench shall all conform to the requirements of the building and plumbing code or other applicable rules and regulations of the City. In the absence of code provisions or in amplification thereof, the materials and procedures set forth in appropriate specifications of the A.S.T.M. and W.P.C.F. Manual of Practice No. 9 shall apply.

Whenever possible, the building sewer shall be brought to the building at an elevation below the basement floor. In all buildings in which any building drain is too low to permit gravity flow to the public sewer, sanitary sewage carried by such building drain shall be lifted by an approved means and discharged to the building sewer.

The connection of the building sewer into the public sewer shall conform to the requirements of the building and plumbing code or other applicable rules and regulations of the City or the procedures set forth in appropriate specifications of the A.S.T.M. and the W.P.C.F. Manual of Practice No. 9. All such connections shall be made gastight and watertight. Any deviation from the prescribed procedures and materials must be approved by the utilities superintendent before installation.

SECTION 7-222 SEWER INSTALLATION/REPAIR EXPENSE

All costs and expenses incidental to the installation and connection of the building sewer shall be borne by the owner. The owner shall indemnify the City from any loss or damage that may directly or indirectly be occasioned by the installation of the building sewer.

PLATTSMOUTH CITY CODE
CHAPTER 7 – PUBLIC UTILITIES

SECTION 7-223 SINGLE PREMISE; EXCEPTIONS TO SEPARATE SEWER MAIN CONNECTIONS

A separate and independent building sewer shall be required for every building, except as provided in this section.

The following are the only exceptions to the requirement that each premises has an independent sewer:

- (1) where one building stands at the rear of another on an interior lot and no public sewer is available or can be constructed to the rear building through an adjoining alley, courtyard or driveway, the building sewer from the front building may be extended to the rear building and the whole considered as one building sewer;
- (2) where two lots are adjacent and no public sewer is available to one or both, and the City does not form a sewer district and extend a sewer, to a street, alley or other property adjacent to the premises within 100 feet of the premises;
- (3) where the premises is multi-family housing as defined by this code; and
- (4) where the premises is commercial with multiple occupants as defined by this code.

PROVIDED, HOWEVER, that for exceptions (1) and (2), the following limitations also apply:

(a) if at any time in the future the City extends a sewer to within 100 feet of the premises, multiple connections will be disconnected and a direct connection made to the sewer main; (b) a separate tap fee is paid for each multiple connection and when the separate tap is made following the extension of a sewer to within 100 feet of the property as provided above; (c) documentation of any necessary easements, containing language regarding each parties' responsibility for repairs and reconstruction, is presented to the City prior to receiving a permit to make the multiple connection, with evidence of the same having been recorded following the issuance of the permit but prior to making the connection; and (d) clean outs are installed at the required intervals on each premises' line prior to the joining of the lines, and thereafter at the required intervals.

PROVIDED, FURTHER, that for exceptions (1) and (2), in no instance may more than two residences be connected to one sewer service.

The City does not and will not assume any obligation or responsibility for damage caused by or resulting from any such single connection or multiple connection to its sewer main.

SECTION 7-225 UNLAWFUL CONNECTION

No person shall make connection of roof downspouts, interior and exterior foundation drains, areaway drains, or other sources of surface runoff or groundwater to a building sewer or building drain which in turn is connected directly or indirectly to a public sanitary sewer unless such connection is approved by the utilities superintendent for purposes of disposal of polluted surface drainage; provided that if responsibility can be determined, the party responsible for disposal of polluted surface drainage into the public sanitary sewer shall pay a user charge equivalent to the cost of treating the polluted drainage.

SECTION 7-226 PROHIBITED DISCHARGES; STORM, SURFACE, GROUND, COOLING AND PROCESS WATERS

No person shall discharge or cause to be discharged any storm water, surface water, groundwater, roof runoff, subsurface drainage including interior and exterior foundation drains, uncontaminated cooling water, or unpolluted industrial waters to any sanitary sewer.

- C. Any waters or wastes having a pH lower than 5.5 or having any other corrosive property capable of causing damage or hazard to structures, equipment and personnel of the sewage works.
- D. Solid or viscous substances in quantities or of such size capable of causing obstruction to the flow in sewers or other interference with the proper operation of the sewage works such as, but not limited to, ashes, cinders, sand, mud, straw, shavings, metal, glass, rags, feathers, tar, plastics, wood, unground garbage, whole blood, paunch manure, hair, fleshings, entrails and paper dishes, cups, towels, milk containers, etc., either whole or ground by garbage grinders.

Waters or wastes containing substances which are not amenable to treatment or reduction by the sewage treatment processes employed, or are amenable to treatment only to such degree that the sewage treatment plant effluent cannot meet the requirements of other agencies having jurisdiction over discharge to receiving waters.

PLATTSMOUTH CITY CODE
CHAPTER 7 – PUBLIC UTILITIES

**SECTION 7-229 DISCHARGE OF HAZARDOUS AND PROHIBITED SUBSTANCES;
NATURE OF; SUPERINTENDENT'S DISCRETION WITH RESPECT
TO**

If any waters or wastes are discharged, or are proposed to be discharged to the public sewers, which waters contain the substances or possess the characteristics enumerated in the above section and which in the judgment of the utilities superintendent may have a deleterious effect upon the sewage works, processes, equipment, or receiving waters, or which otherwise create a hazard to life to constitute a public nuisance, the utilities superintendent may:

- A. Reject the wastes,
- B. Require pretreatment to an acceptable condition for discharge to the public sewers,
- C. Require control over the quantities and rates of discharge, and/or
- D. Require payment to cover the added cost of handling and treating the wastes not covered by existing taxes or sewer charges under the provisions of this article.

If the utilities superintendent permits the pretreatment or equalization of waste flows, the design and installation of the plants and equipment shall be subject to the review and approval of the utilities superintendent, and subject to the requirements of all applicable codes, ordinances and laws.

**SECTION 7-230 HAZARDOUS AND PROHIBITED SUBSTANCES; SPECIAL
EXCEPTIONS PERMITTED**

No statement contained in this article shall be construed as preventing a special agreement or arrangement between the City and the owner of any property whereby an industrial waste of unusual strength or character may be accepted by the City for treatment, subject to payment therefore by the owner.

SECTION 7-231 GREASE, OIL AND SAND INTERCEPTORS; WHEN REQUIRED

Grease, oil and sand interceptors shall be provided by the owner of all restaurant property and other businesses when, in the opinion of the utilities superintendent, they are necessary for the proper handling of liquid wastes containing grease in excessive amounts, or any flammable wastes, sand or other harmful ingredients; except that such interceptors shall not be required for residences. All interceptors shall be of a type and capacity approved by the utilities superintendent and shall be located as to be readily and easily accessible for cleaning and inspection. In the maintaining of these interceptors, the owner(s) shall be responsible for the proper removal and disposal of the captured material by appropriate means and shall maintain records of the dates and means of disposal which are subject to review by the utilities superintendent. Any removal and hauling of the collected materials not performed by personnel of the owner(s) must be performed by currently licensed waste disposal firms.

CHAPTER 7 – PUBLIC UTILITIES

**SECTION 7-232 PRELIMINARY TREATMENT OR FLOW-EQUALIZING FACILITIES;
MAINTENANCE BY OWNER**

Where preliminary treatment or flow-equalizing facilities are provided for any waters or wastes, they shall be maintained continuously in satisfactory and effective operation by the owner at his/her expense.

SECTION 7-233 CONTROL MANHOLES

When required by the superintendent, the owner of any property serviced by a building sewer carrying industrial wastes shall install a suitable control manhole together with such necessary meters and other appurtenances in the building sewer to facilitate observation, sampling and measurement of the wastes. Such manhole, when required, shall be accessible and safely located and shall be constructed in accordance with plans approved by the superintendent. The manhole shall be installed by the owner at his/her expense and shall be maintained by him/her so as to be safe and accessible at all times.

SECTION 7-234 SAMPLING OF WATERS AND WASTES; METHOD OF

All measurements, tests and analyses of the characteristics of waters and wastes to which reference is made in this chapter shall be determined in accordance with the latest edition of "Standard Methods for the Examination of Water and Wastewater," published by the American Public Health Association, and shall be determined at the sampling station provided or upon suitable samples taken at said sampling station. One copy of the latest edition of said volume shall be kept on file in the office of the city clerk for use and examination by the public. In the event no special sampling station has been required, the sampling station shall be considered to be the nearest manhole in the public sewer downstream from the point at which the building sewer is connected. Sampling shall be carried out by approved methods to determine the existence of hazards to life, limb, and property. (The particular analyses involved will determine whether a 24-hour composite of all outfalls of a premises is appropriate or whether a grab sample should be taken. Normally, but not always, BOD and suspended solids analyses are obtained from 24-hour composites of all outfalls, whereas pHs are determined from periodic grab samples.)

SECTION 7-235 COMPLIANCE; INSPECTIONS, INJURY, LIABILITY

The utilities superintendent and other duly authorized employees of the City bearing proper credentials and identification shall be permitted to enter all properties for the purposes of inspection, observation, measurement, sampling and testing systems in accordance with the provisions of this article. The city engineer and the utilities superintendent shall have no authority to inquire into any processes including metallurgical, chemical, oil, refining, ceramic, paper or other industries, nor shall they have the right to enter into areas where methods and/or processes are entitled to protection as trade secrets of the property owner beyond that point having a direct bearing on the kind and source of discharge to the sewers or waterways or facilities for waste treatment.

PLATTSMOUTH CITY CODE
CHAPTER 7 – PUBLIC UTILITIES

While performing the necessary work on the property referred to in this section, the utilities superintendent and other duly authorized employees of the City shall observe all applicable safety rules established by the company. The company shall be held harmless for injury or death to the city employees, and the City shall indemnify the company against loss or damage to its property by city employees and against liability claims and demands for personal injury or property damage asserted against the company and growing out of the gauging and sampling operation, except as such may be caused by negligence or failure to the company to maintain safe conditions as required in Section 7-233 and 7-234.

SECTION 7-236 UNAUTHORIZED ENTRY OR UNAUTHORIZED DAMAGING OF EQUIPMENT; UNLAWFUL

Entrance into a manhole or opening for any purpose except by authorized persons is hereby prohibited. No person shall maliciously, willfully or negligently break, damage, destroy, uncover, deface or tamper with any structure, appurtenance or equipment which is part of the sewage works. Any person violating this provision shall be subject to immediate arrest and may be prosecuted to the full extent of the law.

SECTION 7-237 PRIVATE SEWAGE DISPOSAL SYSTEMS

Where a public sanitary or combined sewer is not available under the provisions of Section 7-211, the building sewer shall be connected to a private sewage disposal system complying with the provisions of this article.

1. Before commencing construction of a private sewage disposal system, the owner shall first obtain a written permit signed by the utilities superintendent. The application for such permit shall be made on a form furnished by the City, which the applicant shall supplement by any plans, specifications and other information as deemed necessary by the utilities superintendent.
2. A permit for a private sewage disposal system shall not become effective until the installation is completed to the satisfaction of the utilities superintendent, who shall be allowed to inspect the work at any stage of construction, and in any event, the applicant for the permit shall notify the utilities superintendent when the work is ready for final inspection and before any underground portions are covered. The inspection shall be made within 24 hours of the receipt of notice by the utilities superintendent.
3. The type, capacities, location, and layout of a private sewage disposal system shall comply with the Nebraska Department of Environmental Quality's Title 124 Rules and Regulations for the Design, Operation and Maintenance of Septic Tank Systems. No permit shall be issued for any private sewage disposal system employing subsurface soil absorption facilities where the area of the **lot** is less than 10,000 square feet. No septic tank or cesspool shall be permitted to discharge to any natural outlet.
4. At such time as a public sewer becomes available to a property served by a private sewage disposal system, a direct connection shall be made to the public sewer within 90 days in compliance with this article, and any septic tank, cesspool and similar private sewage disposal

6. The owner shall operate and maintain the private sewage disposal facilities in a sanitary manner at all times, at no expense to the City.
7. No statement contained in this article shall be construed to interfere with any additional requirements that may be imposed by state or federal law.

SECTION 7-402 GARBAGE; TRASH AND WASTE

It shall be unlawful for any person to keep in, on or about any dwelling, building or premises, or any other place in the City, decayed vegetable or animal substance, garbage or refuse of any kind that may be injurious to the public health or offensive to the residents of the City unless the same is kept in receptacles not exceeding a 55 gallon capacity, sacked in durable bags of such a nature that they can be easily placed in trucks or placed in a dumpster or similar container. All persons shall have their garbage removed at least once a week by the regular city solid waste system. (Ref. Neb. Rev. Stat. §19-2106)

SECTION 7-403 DEAD ANIMALS

All dead animals shall be immediately removed by the owner of such animals. If the owner of any such animal cannot be found within two hours after discovering the same, then such animal shall be removed by and at the expense of the City. Dead animals shall not be buried within the

Such applicant shall also file with the city clerk a schedule of rates he/she shall charge for such services. If the City Council shall find that such equipment consists of a vehicle suited to the purpose, and of containers which are watertight and a method of covering the same, such permit shall be issued without costs by the city clerk and be in force for one year. In the event the City Council or Board of Health shall afterward determine that such person is using leaky containers or failing to keep the same clean, or hauling garbage in such a manner as to constitute a menace to health, such permit shall be revoked.

SECTION 7-407 VEHICLE SPECIFICATIONS

Before making application for a permit as hereinbefore provided, the applicant shall have his/her vehicles inspected by the City Council as provided in Section 7-407 to determine compliance with the specifications of this section. CHAPTER 7 – PUBLIC UTILITIES

point of loading and the designated disposal ground. This shall not prohibit permit holders from having an open truck for the transporting of refuse other than garbage; provided, said truck is covered by tarpaulin or other cover approved by the Board of Health;

2. The vehicle shall be so constructed as to be readily cleaned; and
